- By providing value for its stockholders***

THE RBSMI CORE VALUES

**Christ-centered
Professionalism**

**Resourcefulness
Dedication**

**Pro-Active
Teamwork**

THE BANK'S BRAND AND BUSINESS MODEL

"Ang Inyong Kabalik sa Pag-Unlad"

Rural Bank of San Mateo (Isabela), Inc. is focused on providing high quality and responsive financial products to its clients within the Cagayan Valley Region. We contribute to the local economy by providing credit facilities to constituents.

Deposit-wise, we offer various deposit products according to the needs of its clients, both young and old. The Bank also facilitates real-time transactions through partnership with a digital technology platform.

THE CHAIRPERSON'S REPORT

Certainly, in entering the 2nd year of this global pandemic, the rural economy, and thereby the bank, faced challenges as some business sectors struggled to make it through the extended period of lockdowns and business interruptions.. Our many years of operations, however, have taught us resilience and grit. Our depositors continued to show confidence in us and we expect a rebound in growth for 2022 as the economy picks up.

Last month, the bank concluded our Bangko Sentral ng Pilipinas examination. Thank you shareholders, by the way, for being flexible and allowing us to move the date of the annual meeting in order to accommodate the examination. At our exit conference with Bangko Sentral, the examiners repeatedly noted the significant improvements made in the bank's procedures and policies, which we are quite proud of. In truth, this has been a continuing work of the Board especially this past year. There have been many updates to the Bank's operation manuals, most recently in the Risk Management System and Internal Audit manuals for instance, bringing them in line with the latest guidelines set forth by the Bangko Sentral.

On another note, the Board is very happy to announce despite the slowdown in the economy last year, the bank earned a Net Income of P 11 Million, the bank will distribute P 4 million in dividends this year. As we continue to grow, we intend to increase future dividend distributions as well.

Lastly, and President Trina will elaborate on this later, the bank hit its goal of P1 billion in assets in 2021, a major milestone in the rural banking industry. We can now call ourselves a billion-peso bank!

So, we went through a tough year together, but we forged ahead and didn't stop. With most forecasts pointing to a stronger economy, we are poised for more robust performance next year. Mark Victor Hansen, co-author of the Chicken Soup for the Soul series said, "Put your future in good hands – your own." We are building on a foundation of 60 years of hard work put in by Papa and Mama, Tito Dodo and his family, Tito Nel, and other esteemed directors, and the future now lies in our hands. May we build strong and may we build well.

Thank you for your support.

PATRICIA ROSARIO MARIA G. REMIJAN
Chairperson of the Board

PRESIDENT'S REPORT

In 2021, we have seen our global economic recovery continues even as the Covid 19 remained. Despite this condition and threat, we kept defying the odds by being steadfast and resilient in serving our customers who bank with us as we bank on them.

With our vision, mission and core values in mind, we took a Bold Step by building up our agricultural and commercial loans where we surprisingly became a market favorite while at the same time lever the pale performance of other loan products. These loan types substantially contributed to the 96% accomplishment rate in our loan portfolio.

Our net income before income tax of P 17.817 million was considered acceptable and respectable during this pandemic; however, we managed to maintain a portfolio with lower non-performing loans increasing our chance of improving our earning assets in subsequent years. Across our balance sheet, we saw favorable results as exemplified by our good financial indicators.

As we navigate through our business, numerous changes in the Bank's operations and support systems were implemented not because they are alternatives but are vital to improve customer service and retention, enhance financial performance and be protected to regulatory attacks. We need to embrace these changes in the new normal economy to sustain our operations.

Despite the various challenges in the Banking Industry, the Board of Directors, Management and Staff of RBSMI are confident to see the silver lining as we tread to our Financial Roadmap. As of December 2021, the Bank's 5-year Strategic Goal to reach P1.00 billion resources came to reality. This significant milestone is an indication of established customer's trust and confidence in our products and services as we drive across a crowded market. This milestone made our position that there is no other way but to go up by increasing assets and strengthening our capital but cautioning ourselves that it is not a God-given right that, because you achieve something, you will achieve them again. Past performance does not guarantee future results thus we remained watchful not to fall into a trap of the risks of being overconfident.

Moving forward, RBSMI intends to meet its aspirations, maintain a competitive edge through digital transformations and provide better customer service.

The foregoing is a testament to the management ability to transform the company to a different business landscape. As we mentioned in our Financial Roadmap, we keep on looking on what makes us good as a company rather than focusing on competitors.

"Success is not final, failure is not Fatal; it is the courage to continue that counts" - Winston Churchill

KATRINA MARIE P. PILAPIL
President-CEO

	Return on Assets	1.12%	1.23%
	CAR	14.69%	15.73%

FINANCIAL HIGHLIGHTS

(in millions of pesos)

3. Financial Condition and Results of Operations

a. **Review of the bank's operations and result of operations for the financial year including details and explanations for any significant change during the year**

The 2020 pandemic has brought many uncertainties especially in the economy and the way we live. Nonetheless, we are still grateful that the Bank's Total assets showed a stable growth from 886 million in 2019 to 986 Million in 2020 and 1.086 billion in 2021.

The growth is driven by the increase in Loan Portfolio, the biggest asset of the Bank which comprises 54% of the Total Assets.

The Bank's Target Loan Portfolio for 2021 is P649 million however actual accomplishment is P 622 million only. But there are various approved loan accounts not yet released as of 2021 amounting to P 58 million. The 96% accomplishment rate on Loan Portfolio is still commendable considering the challenges we have encountered for the past years. One of these challenges is the mandatory lockdowns which prevented us from implementing market saturation thereby shifting to social media platforms as a means of advertisement.

For 2021, the Lending Department focused on Agricultural Loan and Commercial Loan Products as they are deemed more saleable and profitable. However, due diligence was strictly done in to determine credit capacity of borrowers and to comply with internal and regulatory limits.

The Bank's Total Liabilities was also on upward trajectory from 757 million in 2019 to 849 million in 2020 up to 912 million in 2021. From these figures, we can clearly see that we are highly leveraged.

The biggest composition in the Total Liabilities is the Deposit Liabilities which comprises 96%. Our projected reduction in the deposit level did not materialize we opened 52 million new deposits with 843 counts.

Actual Deposit level as of 2021 amounting to 880 million was higher by 57 million over the 2021 budget guidance of 823 million. The Special Savings Deposit decreased of 108 million was due to transfer to Regular Savings Deposit.

These deposit funds was used to finance lending activities and some went to investing activities, thus our liquidity position improved further.

Total Equity shot from 129 million in 2019 to 137 million in 2020 up to 143 million in 2021. 70% of the Total equity is the Retained Earnings that also showed an 8% increase from 92 million in 2020 to 100 million this 2021.

Due to revenue earned from disposing the ROPA account of J.Lidang property in 2019, with gross income of 93 million was higher than in 2020's Gross income of 81 million. Actual Gross Income in 2021's P96 Million was also higher than the target of P 85 Million.

Major factors contributing to the higher Gross Income is the amount recovered from Insurance Company amounting to 7 million previously booked as expense. Also, some loan accounts with downgraded Allowance Credit Losses rate caused higher amount of Recovery.

Although the actual accomplishment in Gross Income was higher than the target, significant amount came not from bank operations but from extraordinary items. This indicator is a misaligned patchwork where management should focus on improving the Lending Operations as a major source of operating revenue.

Actual cost incurred in 2021 amounting to 72 million is higher than the actual cost incurred in 2020 amounting to 70 million and lower than the targeted cost of 86 Million in 2021.

The sudden increase in cost utilization is caused by a non-operating expense. Actual cost incurred on Provision is 16 million higher than what was targeted, for conservatism purposes the bank decided to record in full its staggered booking of ACL amounting to 3.1 million and additional provision for various borrowers with credit impaired accounts.

As a result, actual net income for 2021 is 10.383 million. Considering all the challenges we have encountered for the past two years we are still grateful to achieve this figure to support our operations. However, we need to strive more to continuously enhance our operations especially on utilizing efficiently and appropriately our resources while considering all the inherent risks involved.

Financial Ratios

The Bank's net interest margin as of 2021 is slightly higher 7.22% than 2020 ratio of 7.10% , while the percentage of other income to total revenue of 19.38% in 2021 is higher than in 2020's figure of 11.07%. Other income growth was up to 105.89% while cost to income ratio is almost 80%. This is one of the challenges that the Bank needs to address to enhance profitability growth. Due to higher provision recorded in 2021, the Bank's net profit of 10.383 million is lower than last year's figure of 11.438 million resulting to a -21.37% net profit growth. The RBSMI team will do a lot better this next year 2022.

The Bank's target for Loan to deposit ratio should be at least 80%, however due to the sudden increase in deposit level only 70% of these funds was utilized in lending operations. Non-performing Loans for 2021 is now 11.09%. The remedial department has already formulated a comprehensive plan how to reduce this figure.

The Bank's Capital Adequacy Ratio, the indicator of bank's financial strength, has 15.75% figure in 2021. This is 5.75% higher than the required BSP rate of 10%.

Liquidity has never been the bank's concern for the past years. In 2021, we have 46.16% liquidity ratio which indicates that we have the capability to meet all maturing obligations.

Return on Asset ratio is 1.02% in 2021 compared to the Industry's rate of and slightly lower than in 2020's figure of 1.41% since we missed also our target in net income.

Return on Equity of 7.40% is also lower than last year's rate of 9.91%.

Last year's performance may not be perfect as it seems, but we must be grateful that despite the various obstacles we have encountered, we remained steadfast in pursuing our mission and vision as a financial institution. The trust and confidence of the clients in our products and services is continuously improving. Hopefully with the end of this PANDEMIC the RBSMI team assures a better 2022.

b. Highlights of major activities during the year that impact operations

2021 is another remarkable year; the extensive social and economic impacts of the COVID-19 pandemic in the banking industry has now come to reality. Though this year has brought numerous unprecedented events, we aspire that, by strengthening our foundation, we can turn the obstacles to opportunities and growth; both personal and for business progress.

At the first quarter of the year, a key event took place with the merger of the Department and the Risk Management Unit, retaining the Chief Compliance Officer as the lead officer of the unit. We were able to cope and adjust easily with the new environment as the former RMU Head is accustomed to the function of the Compliance Office.

Our main goal for 2021 is to strengthen the bank's compliance risk management framework by having a pro-active and independent compliance office. This was achieved by first amending and enhancing the Bank's Compliance Manual. The Compliance Program for 2021 was also set and duly approved by the Board of Directors. The Program defines the Compliance Office' schedule of compliance testing for 2021 plans for enhancing and developing the bank's manuals and creating an atmosphere of first-hand compliance within each units and departments.

One of our objectives is to assist in strengthening the Bank's Corporate Governance Structure. Through this, we sought for the BSP confirmation of the Internal Audit Department Head and the Chief Compliance Officer as required by Circular 969 and was immediately confirmed. Also, we found it easy to seek for the BSP Confirmation of the newly elected Independent Director. The Office also developed and formalized the charters of the Credit Committee, Asset and Liabilities Committee and the Product Committee.

In support to the Bank's goal in strengthening the quality of the credit portfolio, the compliance office was able to secure a P100 Million Guarantee Line with the Philippine Guarantee Corporation under the MSME and SCGF Program. Consistent training and lectures were conducted by the Department to the Lending Group to keep all loan personnel knowledgeable and aware of the changes in the lending policies, both external and internal

As of the year ending December 2021, Loan Department has released a total loan of P 372 million (consolidated) serving 706 clients and have reached an actual loan portfolio of P622 million. We may not have achieved 100% of our Loan Target, but overall, the Loan Portfolio increased by 9% compared to last year.

The Marketing Department Head in collaboration with the Credit Committee and Head Marketing Support remains steadfast in rolling out essential policy updates, amendments, development and innovation of products and services that are suited to the changing customer needs in order to adapt the changing customer preferences and anticipate the shifts in competition.

c. Major strategic initiatives of the bank

The Bank conducts strategic planning annually to give clear directions as to where it should go. The objectives of the Bank are backed up by strategies to make sure that its goals are met. The major objectives and strategies of the bank are:

1. Improved financial performance
2. Expansion and market saturation
3. Enhanced internal management processes through:
 - a. Efficient marketing
 - b. Efficient credit administration
 - c. Efficient remedial processes
 - d. Improved cash management
 - e. Improved accounting system
 - f. Efficient compliance
 - g. Effective internal audit processes
 - h. Effective corporate services
 - i. Increased safety and security
4. Satisfied loyal clients
5. Responsive and high-quality products
6. Effective risk management
7. Efficient technology management
8. Responsive corporate social responsibility
9. Effective human resource management

Some of the strategies that contributed to the increase of loan portfolio are the following:

1. Rewards/freebies were given to our new loan borrowers and loyal borrowers as a compliment in availing our loan product.
2. Referral Incentive Policy was adopted and was implemented, borrowers, employees, officers and directors of the bank enjoyed the benefit.
3. Continuous posting of advertisement on social media (FB page)
4. Re-availment of clean up payment.
5. Extension of Regulatory Relief on Single Borrowers Limit (SBL set by BSP from 25% to 30% from Capital

d. Challenges, opportunities, and responses during the year

Every day, we face challenges and difficulties that may seem insurmountable. But we firmly believe that every challenges brings opportunity to improve our skills, and develop our strength and capability to perform diligently.

The requirement of AMLC of the digitization of customer records is one of the key challenges the bank was able to surpass for 2021. Considering the several skeletal forces the bank has continuously implemented throughout the year due to employees getting infected with the COVID-19, it was a tough one for the Bank to complete the DigiCur before end of September 30, 2021. With the use of technology, the Bank was able to achieve an almost 100% compliance before the first deadline, before the AMLC extended it by 2022. The Bank invested to assets capable of easily-doing the scanning of documents and digitization of customer records.

Last July 6, 2021, the initial findings of the BIR for 2018 taxable year was received by the Bank with an initial assessment of 10 million. The Controllershship Department has done a thorough reconciliation of accounts in order to contest the said amount. The Controller together with the Compliance Officer presented the reconciliation including the necessary supports gathered to the BIR Examiner and RDO. And upon complying of the additional requirements, the final assessment including other charges was down to Five hundred ninety three thousand pesos.

4. Risk Management Framework Adopted

a. Overall risk management culture and philosophy

In compliance with BSP Circular 971 on Risk Governance issued on August 22, 2017, the bank sets forth the creation of the Risk Management Unit with the following functions:

- 1) Overseeing the risk-taking activities across the bank, as well as evaluating whether these remain consistent with the bank's risk-appetite and strategic directions;
- 2) Responsible for identifying, measuring, monitoring and reporting risk on a bank-wide basis as part of the second line of defense;
- 3) Maintains the bank's overall credit risk exposure within the parameters set by the Board;
- 4) Assess adequacy of loan loss provisioning and credit review function;
- 5) Risk management policy development; and
- 6) Directly report to the Board of Directors on the different risk exposures of the bank.

CREDIT RISK

The Bank continues its risk-based lending mechanism in order to strengthen credit risk. The Bank continually adheres to the concepts of separate risk rating on the borrower (Borrower's Risk Rating) and facility (Facility Risk Rating). Loan pricing methodology has been changed also to a more complex and detailed formula integrating the cost of funds, the credit risk percentage plus the spread set by the board. Loan limits has been regularly monitored and reported to the Board of Directors also. The Bank also adopted an internal SBL, lower than the regulatory limit, as a prudent process. To minimize the impact of the pandemic, the Bank applied for the staggered booking of allowance for credit losses. Credit Stress Testings were regularly performed.

LIQUIDITY RISK

Liquidity position and gap reporting policy were put into place to mitigate liquidity risk arising from mismatches in the timing at which assets and liabilities mature. This is made possible through the combined effort of the Controllershship Department who is tasked mainly of day-to-day funds management together with the Credit Administration Department, Marketing Department and Branch Managers. Liquidity Stress Testings were conducted on a weekly basis during the onset of the pandemic to closely monitor the potential impacts of massive withdrawals. The Bank's Contingency Funding Plan was likewise timely reviewed and enhanced.

OPERATIONS RISK

The adoption of the RBSOFTECH System made it probable for the bank to monitor all reportable incidents on a bank-wide scale. Incident reports can now be entered into the system as the bank's database of such reports. Business Continuity Plan testing was consistently implemented.

b. Risk appetite and strategy

RISK APPETITE STATEMENT

Rural Bank of San Mateo (Isabela), Inc. having mandated to make needed credit available and readily accessible in the rural areas by virtue of Rural Banking Act (R.A. 7353) shall provide loans primarily for countryside development and as also embodied by the institution's mission and vision statement.

The bank shall have high risk appetite for credit facilities primarily for the purpose of meeting the normal credit needs of farmers, fishermen or farm families owning or cultivating land dedicated to agricultural production as well as those in the agri-business sector.

RISK APPETITE – INDUSTRY CLASS

The bank has high risk tolerance to growing and high performing industries and low risk tolerance to industries with adverse historical background.

RISK APPETITE – ECONOMICALLY INTERDEPENDENT BORROWERS

The bank does not limit itself in granting loans to borrowers who are economically interdependent however, such borrowers' aggregated loans shall be subject to large exposure monitoring and Single Borrower's Limit monitoring when it exceeds the qualifying capital of five percent (5%) and twenty-five (25%) respectively.

RISK APPETITE – OUT-OF-TERRITORY BORROWERS

The bank is not aggressive in extending credit facilities to out-of-territory (Region 2 and CAR) borrowers which includes loans whose collaterals are outside of bank's business operations and shall set a determined loan limit on a group scale.
Out-of-territory borrowers – should not exceed 10% of the loan portfolio (group-wide) but not exceeding the SBL.

RISK APPETITE – TYPE OF COLLATERAL/SECURITY

The bank recognizes diverse type of collaterals that can be offered by borrowers ranging from those secured by Real Estate Mortgage, Chattel Mortgage, Hold-out of deposit and even those loans that are unsecured in nature. The bank has high risk appetite for loans that are fully secured and low risk appetite for those that are not.

- *Real Estate Mortgage – no defined limit*
- *Chattel Mortgage – 20% of the Loan Portfolio*
- *Unsecured loan – 10% of the Loan Portfolio*

RISK APPETITE – LOAN CLASSIFICATION

The bank shall adhere with the following minimum percentage of compliance with the standard set by the Bangko Sentral ng Pilipinas (BSP), as follows;

- Agrarian Reform Loans – 10%
- Other Agricultural Credit Loans – 15%
- Micro and Small-Scale Enterprise loan – 8%
- Medium Scale Enterprise Loan – 2%

c. Bank-wide risk governance structure and risk management process

The Bank's risk management policies cover the following:

- 1) Structure of limits and guidelines to govern risk-taking. These shall include actions that shall be taken when risk limits are breached, including notification and escalation to higher level of Management and corresponding sanctions for excessive risk taking;
- 2) Clearly delineated responsibilities for managing risk based on the three (3) lines of defense;
- 3) System for measuring risk;
- 4) Checks and balances system; and
- 5) Framework for risk data aggregation and risk reporting.

The degree of sophistication of the risk management and internal control processes and infrastructure shall keep pace with developments in the bank such as balance sheet and revenue growth; increasing complexity of the business; risk configuration or operating structure; geographical expansion; mergers and acquisitions; or the introduction of new products or business lines, as well as with the external risk landscape; business environment; and industry practice. This should enable a dynamic, comprehensive, and accurate risk reporting.

In this respect, the bank shall ensure that the risk data aggregation capabilities meet the following principles:

- 1) Accuracy and integrity - this refers to the capability to generate accurate and reliable risk data to meet normal and stress reporting accuracy requirements.
- 2) Completeness - this refers to the capability to capture and aggregate all material risk data across the banking group. Data should be available by business line, legal entity, asset type, industry, as relevant for the risk in question, and should permit the identification and reporting of risk exposures, concentrations, and any emerging risks.

- 3) Timeliness - this refers to the capability to generate aggregate and up-to-date risk data in a timely manner while also meeting the principles relating to accuracy and integrity, completeness and adaptability. Timing shall depend upon the nature and potential volatility of the risk being measured as well as its criticality to the overall risk profile of the bank. Timing shall also depend on the bank-specific frequency requirements for risk management reporting, under both normal and stress/crisis situations, set based on the characteristics and overall risk profile of the bank.
- 4) Adaptability - this refers to the capability to generate aggregate risk data to meet a broad range of on- demand, ad hoc risk management reporting requests, including requests during stress/crisis situations, requests due to changing internal needs and requests to meet supervisory queries.

d. AML governance and culture, and description of the overall Money Laundering (ML)/ Terrorist Financing (TF) risk management framework to prevent the use of the bank for ML/TF activities

In conformity with the Bangko Sentral ng Pilipinas' policy on Anti-Money Laundering, Rural Bank of San Mateo (Isabela), Inc. has adopted the Money Laundering and Terrorist Financing Prevention Program Manual.

This is a compilation of the policies and procedures adopted to:

- (a) protect the integrity and confidentiality of bank accounts and ensure that the Philippines, in general, and the covered persons, in particular, shall not be used, respectively, as a money laundering site and conduit for the proceeds of an unlawful activity as herein defined; and
- (b) to protect life, liberty and property from acts of terrorism and to condemn terrorism and those who support and finance it and reinforce the fight against terrorism by criminalizing the financing of terrorism and related offenses.

5. Corporate Governance

a. Overall corporate governance structure and practices

The Board of Directors and the Management of the RURAL Bank OF SAN MATEO (ISABELA), INC. (RBSMI) commit themselves to the principles and best practices contained in the bank's Manual on Corporate Governance – even as they acknowledge that the conscientious and strict adherence to the provisions of this Manual will positively guide the attainment of the bank's corporate goals – mission and vision.

The provisions of the Corporate Governance Manual institutionalize the general and special principles and tenets of good corporate governance of the Rural Bank of San Mateo (Isabela), Inc. and all layers of the organization, including the Board of Directors and the various levels of Management.

b. Selection process for the board and senior management

The Board of Directors shall consist of seven (7) members, two (2) of whom are independent directors.

All directors shall be elected by and from among the stockholders (owning at least one (1) share of corporate stock of the bank). For independent directors, their nomination and election must comply with the requirements set forth under the Manual of Regulations for Banks (MORB) of the BSP.

Annual election of directors is done during the annual stockholders' meeting every 13th of February. Directors are selected from a pool of candidates who possess the qualifications as stated in the bank's by-laws. Seven directors are elected based on the number of votes obtained from the election held. Members of the Board of Directors undergo performance appraisal annually using the format set by the Bank.

The Board of Directors select senior management based on factors such as performance and length of service. Annual performance appraisal is conducted to assess each senior management's accomplishments for the year. Promotion and/or any movement of senior management is subject to Board approval.

c. Board's overall responsibility

The board of directors is primarily responsible for defining the Bank vision and mission. It shall approve and oversee the implementation of strategies to achieve corporate objectives. It shall also approve and oversee the implementation of the risk governance framework and the systems of checks and balances. It shall establish a sound corporate governance framework. The board of directors shall approve the selection of the CEO and key members of senior management and control functions and oversee their performance.

a. The board of directors shall define the Bank's corporate culture and values. It shall establish a code of conduct and ethical standards in the Bank's and shall institutionalize a system that will allow reporting of concerns or violations to an appropriate body. In this regard, the board of directors shall:

- (1) Approve a code of conduct or code of ethics, which shall articulate acceptable and unacceptable activities, transactions and behavior that could result or potentially result in conflict of interest, personal gain at the expense of the Bank's as well as the corresponding disciplinary actions and sanctions. The code of conduct shall explicitly provide that directors, officers, and all personnel are expected to conduct themselves ethically and perform their job with skill, due care, and diligence in addition to complying with laws, regulations, and company policies.
- (2) Consistently conduct the affairs of the bank with a high degree of integrity and play a lead role in establishing the Bank's corporate culture and values. The board of directors shall establish, actively promote, and communicate a culture of strong governance in the Bank's, through adopted policies and displayed practices. The board of directors shall ensure that the CEO and executive team champion the desired values and conduct, and that they face material consequences if there are persistent or high profile conduct and value breaches.
- (3) Oversee the integrity, independence, and effectiveness of Bank's policies and procedures for whistleblowing. It shall allow employees to communicate, with protection from reprisal, legitimate concerns about illegal, unethical or questionable practices directly to the board of directors or to any independent unit. Policies shall likewise be set on how such concerns shall be investigated and addressed, for example, by an internal control function, an objective external party, senior management and/or the board of directors itself. It shall prevent the use of the facilities of the Bank's in the furtherance of criminal and other improper or illegal activities, such as but not limited to financial misreporting, money laundering, fraud, bribery or corruption.

- b. The board of directors shall be responsible for approving the Bank's objectives and strategies and in overseeing management's implementation thereof. In this regard, the board of directors shall:
- (1) Ensure that the Bank's has beneficial influence on the economy by continuously providing services and facilities which will be supportive of the national economy.
 - (2) Approve the Bank's strategic objectives and business plans. These shall take into account the Bank's long-term financial interests, its level of risk tolerance, and ability to manage risks effectively. In this respect, the board of directors shall establish a system for measuring performance against plans.
 - (3) Actively engage in the affairs of the Bank's and keep up with material changes in the Bank's business and regulatory environment as well as act in a timely manner to protect the long term interests of the Bank.
 - (4) Approve and oversee the implementation of policies governing major areas of the Bank's operations. The board of directors shall regularly review these policies, as well as evaluate control functions with senior management to determine areas for improvement as well as to promptly identify and address significant risks and issues.
- c. The board of directors shall be responsible for the appointment/selection of key members of senior management and heads of control functions and for the approval of a sound remuneration and other incentives policy for personnel. in this regard, the board of directors shall:
- (1) Oversee selection of the CEO and other key personnel, including members of senior management and heads of control functions based on the application of fit and proper standards. Integrity, technical expertise, and experience in the Bank's business, either current or planned, shall be the key considerations n the selection process. Moreover, since mutual trust and a close working relationship are important, the members of senior management shall uphold the general operating philosophy, vision and core values of the Bank.
 - (2) Approve and oversee the implementation of performance standards as well as remuneration and other incentives policy.
 - (3) Oversee the performance of senior management and heads of control functions:

- (a) The board of directors shall regularly monitor and assess the performance of the management team and heads of control functions based on approved performance standards.
 - (b) The board of directors shall hold members of senior management accountable for their actions and enumerate the possible consequences if those actions are not aligned with the board of directors' performance expectations. These expectations shall include adherence to the Bank's values, risk appetite and risk culture, under all circumstances.
 - (c) The board of directors shall regularly meet with senior management to engage in discussions, question, and critically review the reports and information provided by the latter.
 - (d) Non-executive board members shall meet regularly, other than in meetings of the audit, risk oversight, corporate governance, and related party transactions committees, in the absence of senior management, with the external auditor and heads of the internal audit, compliance and risk management functions.
- (4) Engage in succession planning for the CEO and other critical positions, as appropriate. In this respect, the board of directors shall establish an effective succession planning program. The program should include a system for identifying and developing potential successors for the CEO and other critical positions.
- (5) Ensure that personnel's expertise and knowledge remain relevant. The board of directors shall provide its personnel with regular training opportunities as part of a professional development program to enhance their competencies and stay abreast of developments relevant to their areas of responsibility.
- (6) Ensure that employee pension funds are fully funded or the corresponding liability appropriately recognized in the books of the Bank's at all times, and that all transactions involving the pension fund are conducted at arm's length terms.
- d. The board of directors shall be responsible for approving and overseeing implementation of the Bank's corporate governance framework. In this regard, the board of directors shall:
- (1) Define appropriate governance structure and practices for its own work, and ensure that such practices are followed and periodically reviewed.

- (2) Develop a remuneration and other incentives policy for directors that shall be submitted for approval of the stockholders. The board of directors shall ensure that the policy is consistent with the long-term interest of the Bank's, does not encourage excessive risk-taking, and is not in conflict with the director's fiduciary responsibilities.
 - (3) Adopt a policy on retirement for directors and officers, as part of the succession plan, to promote dynamism and avoid perpetuation in power.
 - (4) Conduct and maintain the affairs of the Bank's within the scope of its authority as prescribed in its charter and in existing laws, rules and regulations.
 - (5) Maintain, and periodically update, organizational rules, by-laws, or other similar documents setting out its organization, rights, responsibilities and key activities.
 - (6) Oversee the development, approve, and monitor implementation of corporate governance policies. The board of directors shall ensure that corporate governance policies are followed and periodically reviewed for ongoing improvement.
 - (7) Approve the policy on the handling of RPTs to ensure that there is effective compliance with existing laws, rules and regulations at all times, that these are conducted on an arm's length basis, and that no stakeholder is unduly disadvantaged.
 - (8) Define an appropriate corporate governance framework for group structures, which shall facilitate effective oversight over entities in the group. The board of directors of the parent company shall ensure consistent adoption of corporate governance policies and systems across the group.
- e. The board of directors shall be responsible for approving Bank's risk governance framework and overseeing management's implementation thereof.

d. Description of the role and contribution of executive, non-executive, and independent directors, and of the chairman of the board

Role and Major Contribution of the Chairperson of the Board of Directors

The Chairperson of the board of directors shall provide leadership in the board of directors. He shall ensure effective functioning of the board of directors, including maintaining a relationship of trust with members of the board of directors. He shall:

- (1) Ensure that the meeting agenda focuses on strategic matters including discussion on risk appetites, and key governance concerns;
- (2) Ensure a sound decision making process;
- (3) Encourage and promote critical discussion;
- (4) Ensure that dissenting views can be expressed and discussed within the decision-making process;
- (5) Ensure that members of the board of directors receives accurate, timely, and relevant information;
- (6) Ensure the conduct of proper orientation for first time directors and provide training opportunities for all directors; and
- (7) Ensure conduct of performance evaluation of the board of directors at least once a year.

Role and Contribution of Executive Directors:

- (1) Board Governance. Works with board in order to fulfill the organization mission.
- (2) Financial Performance and Viability. Develops resources sufficient to ensure the financial health of the organization.
- (3) Organization Mission and Strategy. Works with board and staff to ensure that the mission is fulfilled through programs, strategic planning and community outreach.
- (4) Organization Operations. Oversees and implements appropriate resources to ensure that the operations of the organization are appropriate.

Role and Contribution of Non-Executive Directors:

- (1) Strategy. Non-Executive Directors should constructively challenge and help develop proposals on strategy.
- (2) Performance. Non-Executive Directors should scrutinize the performance of management in meeting agreed goals and objectives and monitor the reporting of performance.
- (3) Risk. Non-Executive Directors should satisfy themselves on the integrity of financial information and that financial controls and systems of risk management are robust and defensible.
- (4) People. Non-Executive Directors are responsible for determining appropriate levels of remuneration of executive directors, and have a prime role in

appointing, and where necessary removing, executive directors and in succession planning.

Role and Contribution of Independent Directors:

Independent directors have an important role to play in the progress of the Bank. They are considered as both a safeguard and a significant source of competitive advantage.

The role of independent directors broadly includes improving corporate credibility and governance standards, functioning as watchdog, maintaining balance in a promoter dominated scenario, play vital role in risk management. Their main role in the company is to protect the interests of the minority shareholders vis-à-vis the promoters.

The main role of independent directors is to improve corporate governance standards. Independent directors help in the proper functioning of the corporate because of the fact that they do not have any pecuniary interest in the company and that they will represent the interest of the shareholders.

The independent directors on corporate board takes an independent decision on a given subject without being influenced in any manner. They provide transparency in respect of the disclosures in the working of the company as well as providing balance towards resolving conflict areas. They have a significant role in protecting the stakeholders' interests.

The independent directors also play a key role as a member of the audit committee of the company. The chairman of the audit committee is an independent director.

j. Performance Assessment Program

The Bank performs performance assessment of its officers and employees on an annual basis. Evaluation is done using the performance appraisal module on the Core Banking System. Department Heads evaluate their subordinates and measure their performance.

k. Orientation and Education Program

Orientation Program for New Employees

Rural Bank of San Mateo (Isabela) aims to provide the new employee the guidelines to start right in the Company, and to bridge the gap between the selection process and the day-to-day working relationships of the new employee in his job.

The Bank follows certain procedures in the New Employee Orientation. It sets out the guidelines in the preparation of before a new employee arrives, on his first day of work, and in the succeeding period of time until he becomes a regular employee of the bank.

Education Program

The Bank encourages officers and employees to attend seminars and trainings to further enhance their capabilities and to broaden their knowledge in the banking industry. Seminars and trainings conducted by Rural Bankers Association of the Philippines (RBAP) and other group/training providers are essential to the officers and staff.

Cost of seminars and trainings is shouldered by the Bank, and is usually budgeted per department.

I. Retirement and Succession Policy

RETIREMENT AND SUCCESSION POLICY FOR DIRECTORS

Policy Statement

It is the objective of the Company to establish a policy on retirement and remuneration for directors in order to give due recognition to the valuable contributions of the retiring members of the Board.

Terms and Conditions

1. Age- the bank recognizes the importance of experience and expertise of its directors and with it comes long years of practice and exposure in the business. Hence, the bank sets the age limit of retirement to eighty(80) years old but the Board may opt to waive depending on the following conditions:
 - a. Result of the Annual Self/Peer Evaluation of the Board and effective “fit and proper” assessment for more effective board refreshment.
 - b. The Board shall also evaluate all facts and circumstances when considering a director's tenure in accordance with good governance practices, including (without limitation) to accommodate the transition of a new Chairman or new directors or to provide continuity to further strategic objectives or address external factors affecting the bank.
2. Only the Executive Director is entitled to receive regular retirement benefits as an employee of the bank. An Executive Director is one who is involved in the day-to-day operations of the bank. Non-Executive Directors shall not receive any retirement benefits.
3. Retirement of Officers is done with the requisite succession planning and in accordance with the bank's policies and implementing guidelines of its retirement plan for all employees, the bank's amended By-Laws, Labor Code and the Corporation Code of the Philippines.
4. Only Independent Directors has a term limit of nine (9) years reckoned from year 2012.

Pursue professional development opportunities

1.3 Assessing Directors:

- Integrity/probity, consideration shall be given to the director's market reputation
 - Observe conduct and Behavior
 - His/her ability to continuously comply with company policies and applicable laws
-
- The Director shall submit to BSP the required certification and other documentary proof within 20 banking days from the date of Election.
 - Non Submission of complete documentary requirement shall be construed as his failure to establish his qualification and results in his removal from the Board of Directors.

RETIREMENT POLICY FOR EMPLOYEES

1. RETIREMENT

The Company respects the security of tenure of its employees and recognizes their continual contribution to the Company's mission and objectives.

An employee who has reached the age of 60 years and has rendered at least ten (10) years of service in the Company may avail of the retirement benefit of 200% of current monthly basic pay x no. of years of service.

The proceeds of this retirement pay shall not be taxable provided that the bank has a BIR approved retirement plan.

The BOD has the discretion, upon proper evaluation, to give additional benefit or rewards, financial or otherwise, to any employee or officer of the RBSMI based on his/her exemplary work, outstanding performance and proven loyalty to the Bank that contributed greatly to its growth and development.

Succession Plan

1.1. Purpose and Use

Succession Plan is being published by Rural Bank of San Mateo (Isabela), Inc. (RBSMI) because of its desire to ensure that all critical positions of the Company should have a backup in case employees leave for whatever reason. This Plan should be read and understood by all members of the Board of Directors (BOD). The Human Resources Development and Management (HR Mgmt. Section Head) Unit shall assist the BOD in implementing the policies and procedures stated herein.

All RBSMI employees are encouraged to be familiar with this Plan and to coordinate with their immediate Superiors regarding Training and Development Plan details to fully understand their career path in the Organization.

The Board of Directors and President positions in the Company are the central elements in the Organization's success. Therefore, ensuring that the functions of the President including Section/Department Heads are well-understood and even shared among Senior Management. It is important to safeguard the organization against unplanned and unexpected change in leadership. This kind of risk management is equally helpful in facilitating a smooth leadership.

This document outlines a leadership development and emergency succession plan for Rural Bank of San Mateo (Isabela), Inc. and reflects the Bank's Succession Plan and its commitment to sustaining a healthy functioning Organization.

The purpose of this plan is to ensure that the Bank's leadership on specific Section/Department in general will have adequate information and strategies to effectively manage the bank in the event that any Board of Director, the President and/or Division/Department/Section Heads are unable to fulfill their duties due to resignation, termination, retirement or incapacity.

1.2. Principle

RBSMI shall subscribe to the following principles in connection with Succession Plan:

- 1.3.1 RBSMI communicates to its employees that they are valuable and that RBSMI shall nurture and develop employees from within RBSMI. Those who have skills, knowledge, qualities, experience and desire can be groomed to move up to fill specific positions.**
- 1.3.2 RBSMI commits to develop employee career paths and acknowledges the fact that communication with employees regarding their career path and plan is being done effectively.
- 1.3.3 Mentoring and coaching is a continued process and endeavor for RBSMI officers and employees so that there is a continued transfer of learning on all levels of the organization.
- 1.3.4 RBSMI is an employer that invests in its people and provides opportunities and support for their advancement.
- 1.3.5 RBSMI shall consider for posting an employee for a certain critical position only if that employee has the necessary skills, knowledge, qualities, experience and full desire to learn the ropes of the job.**

1.4 Policies

A change in executive leadership is inevitable for Organizations and can be a very challenging time. Therefore, it is the policy of RBSMI to be prepared for an eventual permanent change in leadership either planned or unplanned to ensure the stability of the Bank until such time a new permanent leadership is

identified. The BOD shall be responsible for implementing this policy and its related procedures.

It is also the policy of RBSMI that the BOD assesses the permanent leadership needs of RBSMI to help ensure the selection of a qualified and capable leader. There shall be two kinds of Succession Plan for the critical positions in the Bank:

1.5 Interim Officer

To ensure that RBSMI operations are not interrupted while the BOD and HR Mgmt. Section Head assess the leadership needs and recruit a permanent officer, the BOD and HR Mgmt. Section Head will appoint an Interim Officer. The Interim Officer ensures that the Organization continue to operate without disruption and that all organizational commitments previously made are adequately executed, including but not limited to, loans approved, reports due, licenses and others.

1.6 Pool of Candidates

It is also the policy of RBSMI to develop a diverse pool of candidates and consider at least two (2) finalist candidates for its permanent Officers position. RBSMI shall implement an external recruitment and selection process, while at the same time encouraging the professional development and advancement of current employees. The Interim Officer and any other interested internal candidates are encouraged to submit their qualifications for review and consideration by the search committee according to the guidelines established for the search and recruitment process.

2 Identification of Critical Position Levels

2.1 There shall be three (3) levels in the Organization, based on the to-date Main Table of Organization of RBSMI that Succession Planning meetings be done in coordination with the HR Mgmt. Section Head Unit every year to review and ensure that the critical positions of key officers are covered. There shall be a next in rank in case an Officer is no longer able to serve his position

permanently due to any of the following reasons: resignation, termination, retirement or incapacity.

RBSMI Board has identified the three (3) levels of Succession Planning coverage as follows:

2.1 Critical Position Level 1

The Critical Position for Level 1 shall be the President.

2.2 Critical Position Level 2

The Critical Position Level 2 positions shall be the: Division Head (Head for Marketing, Head for Internal Audit, Compliance Officer)

2.3 Critical Position Level 3

The Critical Position Level 3 positions shall be the: Bank Officers/Office Heads (Branch Banking Head, Credit Administration Head, Remedial Management Head, Controllership Head, Corporate Services Head, IT Head, CorCom and Marketing Support Head, Credit Services Head, Branch Manager, Branch Service Officer, HR Mgmt. Section Head, Loans Servicing Supervisor).

Appointing an Acting President

Based on the anticipated duration of the **temporary planned short term or long term absence**, the anticipated return date, and accessibility of the current President, the Board of Directors shall appoint the Acting President as indicated in Succession Plan Matrix.

Standing appointees to the position of Acting President in replacement of the President.

The first priority in line to be the Acting President is the Vice President (1st Priority)

The 2nd priority in line is the Compliance Officer

The Board of Directors shall see to it that the appointee complies all the requirements and qualifications needed by a President position, including those imposed by the Bangko Sentral Ng Pilipinas and other statutory agencies.

Implementation plan for Marketing Division and Operation and Support Group (Level 2 position)

The President shall be responsible in reviewing every year to ensure that there shall be someone next in rank in case any or both of these two employees cannot serve the organization due to any of the reasons mentioned above. The next in rank for consideration of these positions shall be any qualified Department Heads in Level 3.

Implementation Plan for Bank Officers/Office Heads (Level 3 position)

The Heads for Marketing Division and Operation and Support Division shall be responsible in reviewing every year to ensure that there shall be someone to replace the existing positions if in case they cannot serve the organization due to any of the reasons mentioned above.

n. Remuneration Policy

Remuneration Policy and structure for executive and non-executive directors

Excerpt from the Bank's Remuneration Policy for Directors state:

Remuneration for Directors- upon approval of the majority of its shareholders and Board of Directors as a whole, both shall determine the level of remuneration or benefits for Directors which shall be sufficient to attract and retain directors and compensate them for attendance at meetings of the Board and Board Committees, commitments to time and specific contributions through chairmanship and membership in board committees.

- a. Personnel and Compensation Committee- this committee shall be tasked to recommend remuneration of the Board of Directors based on size and scope of the bank, industry standards and set by reference to the numerous responsibilities taken on by directors as well as for undertaking risks as a Board member.
- b. Remuneration Framework- to be reviewed annually to ensure that it remains competitive and consistent with the bank's high performance culture, objectives and long-term risk assessment and strategies.

- c. Compensation- may be in various forms, fixed by way of resolution of the Board of Directors. The Board may provide that only non-executive directors shall be entitled to such compensation.
- d. The Executive Director- receives remuneration as Officer and not as Director of the Company.
- e. Non-Executive Directors- shall be entitled to receive from the bank, pursuant to resolution of the Board, fees, and other compensation for his services as director. The Board shall have sole authority to determine the amount, form and structure of the fees and other compensation of the directors.

Remuneration policy for senior management

Remuneration and compensation for all management levels of the Bank follows one policy only, the Bank's Compensation and Remuneration Policy as aligned with the Labor Laws of the Philippines.

The company needs to ensure that their compensation and remuneration policy adheres to employment legislation including elements of compensation and remuneration that are regulated by provincial employment standards.

OBJECTIVES:

1. Establishing salary ranges – Rural Bank of San Mateo (Isabela), Inc. need to determine where they have to pay specific jobs/job categories in relation to the employment market (industry and regional compensation norms, SEC/IC/BSP, DOLE).
2. Criteria for Salary Increases- in order to ensure fair and equitable compensation practices, the company need to clearly establish, communicate and apply decision making criteria for salary increases. Decisions on salary increases can be based on a number of factors, such as seniority, cost of living increases, or performance (merit) based.
3. Remuneration- theses include fixed remuneration (including fixed salary) – performance-based remuneration (variable salary) – pension schemes, where applicable, other benefits in kind, separation pay-where applicable.
 - The fixed remuneration is determined on the basis of the role and position of the individual employee, including professional experience, responsibility, job complexity and local market conditions.

- The performance-based remuneration motivates and rewards high performers who significantly contribute to sustainable results, perform according to set expectations for the individual in question, strengthen long-term customer relations, and generate income.

PROCEDURES

1. Salary reviews- to be conducted annually vis-à-vis the result of the annual Performance Appraisal by the members of the company's Compensation Committee
2. 13th Month Pay- mandatory as per government regulations and policies, to be given annually or semi-annually to employees whether regular or probationary in status
3. Bonus and Incentives Pay- based on performance, financial statement and KRA/target goal attainment, given to regular employees/ Board of Directors only.

Top 4 highest paid employees of the Bank for 2021:

1. Katrina Marie P. Pilapil – President-CEO
2. Maritess C. Hermosura – Head-Lending Division
3. Elsa Marie Pierangela G. Chan – Head-Internal Audit Department
4. Relita P. Cruz – Head-Controllershship Department

p. Self-Assessment Function

i. The structure of the internal audit and the compliance functions including its role, mandate/authority, and reporting process

The Bank's Internal Audit Department has the following responsibility, authority, and independence:

RESPONSIBILITY. The major responsibilities of the Internal Auditor includes:

- To inform and advise the board of directors and management of the Bank and other allowed users of the Internal Audit Program;
- To coordinate activities with other operating departments or divisions to achieve the objectives of the audit and the objectives, mission, and vision of the Bank;
- To discharge the responsibilities referred to above.

The Internal Auditor does not have direct responsibility nor authority over any of the activities to be reviewed by him/her. Therefore, the Internal Audit review does not in any way relieve the management of the operations and of the responsibilities assigned to the personnel complement. The effectiveness and efficiency of operations continues to be the responsibility of the Bank's management.

AUTHORITY. Management provides the Internal Auditor full access to all the records, properties and personnel relevant to all subjects under review. Also, the Internal Auditor is free to review and apprise policies, plans, procedures, and records, and to propose possible improvements thereto.

INDEPENDENCE. Independence is essential to the effectiveness of the Internal Auditing function. This independence is obtained primarily through organizational status and objectivity. The Internal Audit Department directly reports to the Audit Committee of the Board of Directors.

The Chief Compliance Officer has the general responsibility of assisting the board of directors in providing oversight in the implementation of the Bank's compliance system.

The Compliance function facilitates the effective management of compliance risk by:

- a. Advising the board of directors and senior management on relevant laws, rules and regulations, including information on developments in the areas;
- b. Discussion with bank personnel on compliance issues, and acting as contact point within the bank for compliance queries by bank personnel;
- c. Establishment of written guidance to staff on the appropriate implementation of laws, rules and standards through policies and procedures and other documents such as compliance manuals, code of conduct, and other guidelines;

- d. Identification, documentation and assessment of compliance risks associated with the Bank's business activities, including new products and business units;
- e. Assessment of the Bank's compliance procedures and guidelines, following up of deficiencies and formulation of proposal for amendments;
- f. Monitor and testing compliance by performing sufficient and representative compliance testing; and
- g. Maintenance of a constructive working relationship with the Bangko Sentral ng Pilipinas and other regulators.

The Chief Compliance Officer directly reports to the Board of Directors.

ii. The review process adopted by the Board to ensure effectiveness and adequacy of the internal control system

The Board of Directors of RBSMI has an Audit Committee that is tasked to review the effectiveness and adequacy of the internal control system, which is conducted on a regular basis, at least annually.

q. Dividend policy

The Bank follows BSP Regulations in the declaration of dividend to its stockholders. The amount of dividends is based on the by-laws of the bank. SECTION 5. Earnings – The bank shall, at the end of the fiscal year, apply the amount of its earnings in excess of operating expenses during such fiscal year to (1) establishing and maintaining an allowance for credit losses, 2) establishing and maintaining provisions on contingencies and other reserves; and (3) replenishing any impairment to its capital. Any sums remaining shall be the basis in the distribution of dividends to stockholders.

No declaration of dividends for the year 2021.

r. Corporate Social Responsibility Initiatives

The Rural Bank of San Mateo (Isabela), Inc. (RBSMI) believes that it must carry out its own Corporate Social Responsibility Program as a means of giving back the blessings it received to the community where it belongs.

Rationale

Corporate Social Responsibility (CSR) is the continuing commitment by every business entity to behave ethically and contribute to the economic development and help in environmental preservation/protection while improving the quality of life of the workforce and their families as well as of the local community and society at large.

Objectives:

1. To provide assistance to community development projects of the Local Government Units within which the company's offices are located;
2. To provide assistance to projects being catered to by Non-Government Organizations;
3. To award scholarship programs to the less fortunate but well-deserving students from the public schools where the company's offices are located
4. To extend scholarship program to children of deserving employees;
5. To extend scholarship program to employees
6. To donate educational materials, gadgets, tools and instruments to public schools for instructional purposes to aide better-learning capabilities of students.
7. To donate materials for school improvements
8. To extend assistance either in cash or in kind to victims of calamities, pandemic and other unforeseen events
9. To conduct humanitarian programs for the community in need

Funding:

The amount of One Million Pesos(Php1,000,000.00) shall be appropriated by the Board of Directors from the Retained Earnings of the bank from which all CSR projects will be funded. The unused funds shall automatically be reverted back to the retained earnings of the bank at the end of each fiscal year. The amount of P1,000,000.00 shall be automatically renewed for appropriation at the beginning of each of the succeeding years.

Terms and Conditions:

- A. Community Development Projects of the LGUs- the company shall donate either financially or in kind to poverty alleviation, livelihood, socio-economic projects of the LGUs subject for Board approval.

- B. NGO Projects- the company shall help by donating to community development projects catered by NGOs in areas affected by calamities, poverty and war, subject for Board approval.
- C. Humanitarian programs- the company may conduct programs that may help alleviate poverty and address other arising concerns in every community where its corporate offices and other nearby towns.
- D. Scholarship Programs-
 - 1. The company shall choose one student belonging from the Top Ten honor roll of at least one public high school per year(those in the areas where offices of the company are located).
 - 2. A Memorandum of Agreement shall be entered to by and between the company and the chosen student scholar or in case he/she is still a minor, he/she shall be represented by his/her parents/guardians. Included in the MOA shall be the condition that if the student scholar will not be able to fulfill item no. 5 of this program, he/she shall be liable to refund to the bank the full amount of the scholarship.
 - 3. The company shall provide either the full or partial tuition fee of the student scholar for the course relevant to banking and finance subject for Board approval.
 - 4. The student scholar shall maintain a grade point average of 1.75(90%) throughout the semester covered by the scholarship. Failure to maintain said average shall automatically forfeit the scholarship grant for the succeeding semester. Course should be related to banking.
 - 5. Upon graduation, the student scholar shall serve the company for an equivalent of one(1) year per year of scholarship.
 - 6. Children of well-deserving employees may apply for this scholarship program subject for approval by the Board.
 - 7. Continuing Education Program- employees who wish to pursue graduate programs on Master in Business Administration (MBA), Corporate Law or Bachelor of Laws and Letters (LLB) / Juris Doctor (JD), Certified Public Accountant (CPA) Review and other related courses needed in their functions within the company may avail of the continuing education program. Every semester availed of shall be equivalent to one (1) year of service to be rendered in the bank. A Memorandum of Agreement shall be contracted between the company and the employee-beneficiary for the aforementioned purpose.
- E. Educational materials, gadgets, tools and instruments- the company shall donate Educational materials, gadgets, tools and instruments to schools within areas where company offices are located subject for Board approval. The materials shall be given after the recipient school enters into a Memorandum of Agreement with the company that the former shall plant twenty(20) seedlings of fruit-bearing trees and shall take care of the same until maturity within its premises with proper documentation.
- F. Funding per project- donations either in kind or in cash shall not exceed One Hundred Thousand Pesos(Php100,000.00) per project as per approval of the Board.

In case of projects not listed above;

1. Projects which are not included in the above-listed conditions shall also be subject to Board approval;
2. As well as those included in the above-written conditions which require more than One Hundred Thousand Pesos (Php100,000.00) amount of funding per project.

In case of projects not listed above;

Projects which are not included in the above-listed conditions shall also be subject to Board approval;

As well as those included in the above-written conditions which require more than One Hundred Thousand Pesos (Php100,000.00) amount of funding per project.

DONATIONS TO RURAL HEALTH UNIT- COVID-19 PANDEMIC

s. Consumer Protection Practices

i. Role and responsibility of the Board and Senior Management for the development of consumer protection strategy and establishment of an effective oversight over the bank's consumer protection programs

Rural Bank of San Mateo (Isabela), Inc. (RBSMI) is in full support of the State's policy of providing protection to its consumers, upholding their welfare and establishing principles and standards of conduct for the banking industry. For this, the Bank has the role of ensuring that the best interests of financial consumers are protected.

ROLES AND RESPONSIBILITIES OF OVERSIGHT BODIES

BOARD OF DIRECTORS

- The Board of Directors (BOD) has the ultimate responsibility for the level of customer risk assumed by Rural Bank of San Mateo (Isabela), Inc. (RBSMI). Accordingly, the Board approves the Bank's overall business strategies and significant policies, including those related to managing and taking customer risks.
- The Board of Directors takes steps to develop an appropriate understanding of the customer risks the Bank faces through briefings from auditors and experts external to the organization.
- The Board of Directors provides clear guidance regarding the level of customer protection risk acceptable to the Bank and ensures that senior management implements the procedures and controls necessary to comply with the policies that have been adopted.
- The BOD is responsible for developing and maintaining a sound Customer Protection Risk Management System that is integrated into the over-all framework for the entire product and service life-cycle.
- Each director has a level of knowledge commensurate with the nature of his or her role in managing the Bank's customer protection program. This can be done through attendance to trainings and seminars, interaction with experts and regulatory personnel knowledgeable to this line.
- The Board reviews and approves appropriate customer protection policies to limit risks inherent in the Bank's significant business lines, activities, or products, including ensuring effective oversight of any third-party providers that provide products and services for the Bank.

- The Board periodically reviews and approves customer protection risk exposure limits to conform to any changes in the Bank's strategies and addresses the extent of protection assumed by the customers when new products are introduced.

SENIOR MANAGEMENT

- Senior management is responsible for implementing a program to manage the customer compliance risks associated with the Bank's business model, including ensuring compliance with laws and regulations on both a long-term and a day-to-day basis. Accordingly, management should be fully involved in its activities and possess sufficient knowledge of all major products to ensure that appropriate risk controls are in place and that accountability and lines of authority are clearly delineated.
- Senior management also is responsible for establishing and communicating a strong awareness of, and need for, effective customer protection risk controls and high ethical standards.

BOARD OF DIRECTORS AND SENIOR MANAGEMENT

- The BOD and Senior Management periodically review the effectiveness of the Customer Protection Risk Management System (CPRMS) including how findings are reported and whether the audit mechanism in place enable adequate oversight.
- The BOD and Senior Management must ensure that sufficient resources are devoted to the customer protection program.
- They must be certain the FCP weaknesses are properly addressed and corrective actions are taken in a timely manner.
- The Board and Senior Management are sufficiently familiar with and are using adequate record keeping and reporting systems to measure and monitor the major sources of customer risk to the Bank.
- The Board and Senior Management ensure that the depth of staff resources is sufficient to operate and manage the Bank's customer protection activities soundly and that employees have the integrity, ethical values, and competence that are consistent with a prudent management philosophy and operating style.

- The Board and Senior Management anticipate and respond to customer protection risks that may arise from changes in the Bank's competitive environment and to risks associated with new or changing regulatory or legal requirements.

ii. The consumer protection risk management system of the bank

The Customer Protection Risk Management System (CPRMS) is a means by which a Bank can identify, measure, monitor and control customer protection risks inherent in its operations. The risks belong to the financial customer or the Bank.

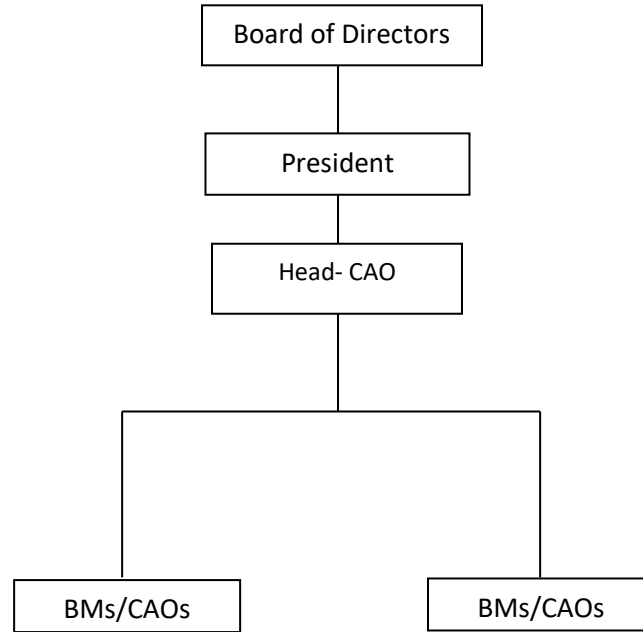

The CPRMS is proportionate to the size, structure and complexity of Rural Bank of San Mateo (Isabela), Inc. (RBSMI) operations. It provides the foundation for ensuring the Bank's adherence to CP standards of conduct and compliance with customer protection laws, rules and regulations in order to prevent risk to the Bank and any harm or financial loss to the customer.

The policies and procedures of the CPRMS are embodied in the Financial Consumer Protection Manual of the Bank.

iii. The consumer assistance management system of the bank which shall include the customer assistance policies and procedures as well as the corporate structure for handling complaint

STRUCTURE

Rural Bank of San Mateo (Isabela), Inc. (RBSMI) follows its existing operational channel in handling customer complaints. It has designated its Branch Managers to serve as the Customer Assistance Officers (CAOs). The CAOs then report to the HCAO for the latter to present and discuss the report on complaints to the President, and subsequently report to the Board which will provide action based on the recommendations of the President. The structural chart for CAMS is presented below:

ROLES OF CUSTOMER ASSISTANCE OFFICER (CAO)

The Branch Managers who are designated as CAOs shall have the following functions and responsibilities:

- a. Receives and acknowledges customer concerns, either complaint or request. A Complaint/Request Form shall be provided to the customer to file the complaint with the Bank;
- b. Records customer's concerns in a logbook. A database of concerns is encoded in the computer
- c. Makes an initial review and investigation of concerns of the customer. He/She shall see to it that the primary cause of the customer's concern is identified properly;
- d. Processes concerns of the customer. The CAO shall immediately address the concern of the customer. If the concern requires Head CAO's assistance, send immediately the concern to them;
- e. Provides official reply to the customer. The reply shall be approved by the Head CAO ;
- f. In order to determine whether the Bank has satisfactorily addressed the concern of the customer, requests client feedback;

- h. Prepares and submits a summary report to Head Customer Assistance Office (HCAO)

SUSTAINABILITY

On October 2020, the Board approved a new product line – the Renewable Energy Loan or the Green Energy Loan. In support of the nation's drive towards sustainability, the Bank now caters a loan for financing solar panel installation for either agricultural, agro-industrial, commercial and residential purposes like:

- Solar power system loan for agro-industrial purposes and agricultural application like irrigation through solar pumps, fixed or movable;
- Solar on grid or tie grid electricity;
- Solar generators, etc.

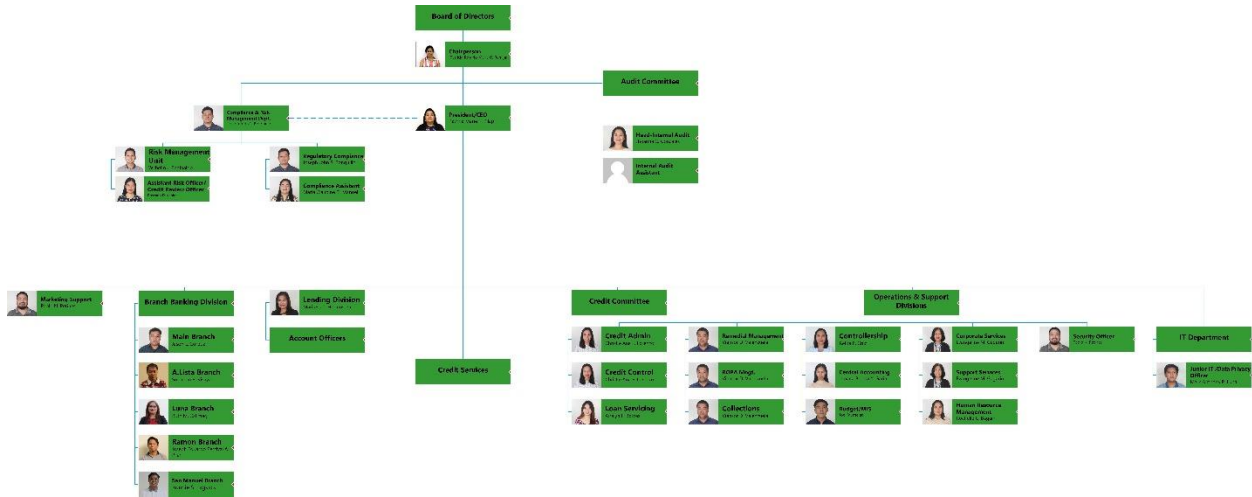

The Bank is also planning to power up all its offices and branches through renewable energy or through solar panels by 2023.

Independent Auditors' Report

RURAL BANK OF SAN MATEO
(ISABELA) INC.

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY
FOR FINANCIAL STATEMENTS**

The management of **RURAL BANK OF SAN MATEO (ISABELA), INC.** is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein, for the years ended December 31, 2021 and 2020, in accordance the Philippine Financial Reporting Standards (PFRS), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Bank's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders.

Diaz Murillo Dalupan and Company and Alas Oplas & Co., CPAs, the independent auditors appointed by the stockholders for the year ended December 31, 2021 and 2020, respectively, have audited the financial statements of the Bank in accordance with Philippine Standards on Auditing, and in their reports to the stockholders, have expressed their opinion on the fairness of presentation upon completion of such audit.

PATRICIA ROSARIO MARIA G. REMIJAN
Chairperson of the Board

KATRINA MARIE P. PILAPIL

Independent Auditors' Report

To the Board of Directors and Stockholders of
RURAL BANK OF SAN MATEO (ISABELA), INC.
Barangay 3, National Highway,
San Mateo, Isabela

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the financial statements of **Rural Bank of San Mateo (Isabela), Inc.** (the "Bank"), which comprise the statement of financial position as at December 31, 2021, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects the financial position of the Bank as at December 31, 2021, and its financial performance and its cash flows for the year then ended in accordance with Philippine Financial Reporting Standards (PFRS), and as modified by the application of the financial reporting reliefs issued by the Bangko Sentral ng Pilipinas (BSP) and approved by the Securities and Exchange Commission (SEC), as described in Note 2 to the financial statements.

Basis for Qualified Opinion

As discussed in Note 2 to the financial statements, the Bank adopted PFRS 9, Financial Instruments on January 1, 2018, except the impairment requirements of the new standard. PFRS 9 introduces a forward-looking expected credit loss (ECL) model to assess impairment on debt financial assets not measured at fair value through profit or loss and loan commitments and financial guarantee contracts.

The Bank adopted Appendix 15 of the Manual of Regulations for Banks (MORB) in assessing and measuring impairment for its credit exposures. Appendix 15 of the MORB provides arbitrary rates for provisioning which is inconsistent with PFRS 9 and thus constitutes a departure from PFRS. As of December 31, 2021, the Bank's total allowance on credit losses on loans and other receivables amounted to ₱37.55 million as disclosed in Note 8. As the Bank has not implemented or assessed the impact of the ECL requirements of the PFRS 9, any adjustments to the amount of surplus, allowance for credit losses and related deferred tax assets as at December 31, 2021 have not been determined.

We conducted our audit in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section of our report. We are independent of the Bank in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audits of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion

Other Matter

The financial statements of Rural Bank of San Mateo (Isabela), Inc. as at and for the year ended December 31, 2020 were audited by another auditor whose report thereon dated April 26, 2021 expressed a qualified opinion on those financial statements due to not fully adopting PFRS 9, Financial instruments, particularly the forward-looking ECL model and non-adoption of PFRS 16, Leases, a single lessee accounting model that requires a lessee to recognize a right-of-use asset representing its right to use the underlying leased asset and a leased liability representing its obligation to make lease payments.

Emphasis of Matter

We draw attention to Note 27 of the financial statements, which describes the effects of the prior period adjustments in the Bank's financial statements related to adoption of PFRS 16, Leases. The prior period financial statements have not been amended and the predecessor auditor's report has not been reissued, but the corresponding figures have been properly restated or appropriate disclosures have been made in the current period financial statements. Our opinion is not modified in respect of this matter.

We also draw attention to Note 2 to the financial statements, which indicate that the financial statements have been prepared in accordance with PFRS, as modified by the application of the financial reporting reliefs issued by the BSP and approved by SEC in response to COVID-19 pandemic. The Bank had recognized in full the allowance for credit losses in 2021. However, the Bank still availed the relief excluding certain eligible loans from past due and non-performing classification in computing the allowance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audits. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

Report on Other Legal and Regulatory Requirements

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of **Rural Bank of San Mateo (Isabela), Inc.** taken as a whole. The supplementary information required under BSP Circular No. 1074 in Note 30 and Revenue Regulation No. 15-2010 in Note 31 to the financial statements are presented for purposes of filing with the BSP and Bureau of Internal Revenue and are not a required part of the basic financial statements. Such information is the responsibility of management. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

RURAL BANK OF SAN MATEO (ISABELA), INC.

Notes to Financial Statements

As at and for the Years Ended December 31, 2021

(With comparative figures for 2020)

1. CORPORATE INFORMATION

Rural Bank of San Mateo (Isabela), Inc. (the “Bank”) was incorporated and registered with the Philippine and Securities and Exchange Commission (SEC) on June 6, 1962 with Registration No. 20840. On June 11, 1962, the Bangko Sentral ng Pilipinas (BSP) granted the Bank its Certificate of Authority to operate as a financial institution.

The Bank was formed to carry and engage in the business of extending rural credits to small farmers and tenants and to deserving rural industries or enterprises, to have and exercise all authorities and powers, to do and perform all acts, to transact all business which may legally be had or done by rural banks organized under and in accordance with the Rural Banks’ Act as it exists or may be amended; and to do all other things incident thereto and necessary and proper in connection with said purposes within such territory, as may be determined by the Monetary Board of the BSP.

The Bank’s product and services are traditional deposits such as regular savings deposits and certificate of time deposits. The Bank also offers various types of loans such as commercial, agricultural, and various consumer loans and microfinance loans.

The Bank’s registered office address is located at National Highway, Barangay 3, San Mateo, Isabela.

The Bank currently has four (4) branches located as follows:

Branches	Address
Alfonso Lista Branch	Alfonso Lista, Ifugao
Luna Branch	Luna, Isabela
Ramon Branch	Ramon, Isabela
San Manuel	San Manuel, Isabela

The accompanying financial statements were approved and authorized for issue by the Board of Directors (BOD) on April 22, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies that have been used in the preparation of these consolidated financial statements are summarized in this note. The policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of Compliance

The financial statements of the Bank have been prepared in accordance with Philippine Financial Reporting Standards (PFRSs), as modified by the application of the following financial reporting reliefs issued by the BSP and approved by the SEC in response to the COVID-19 pandemic as follows:

- (i) Staggered booking of allowance for credit losses over maximum period of five years
- (ii) Exclusion of eligible loans from past due and non-performing classification until December 31, 2021

In 2020, the Bank availed the staggered booking of allowance for credit losses and the exclusion of eligible loans from past due and non-performing loans. All provisions and requirements of PFRSs are applied by the Bank in preparation of its financial statements except for impairment of its loans and receivables. The Bank adopted Appendix 15 of Manual of Regulations for Banks (MORB) that provides arbitrary rates for provisioning based on number of days past due, collaterals, and type of loan.

However, in 2021, the Bank decided to recognize all the remaining allowance for credit losses that was applied for staggered booking.

PFRSs include all applicable PFRSs, Philippine Accounting Standards (PASs), and Interpretations issued by the International Financial Reporting Interpretations Committee (IFRIC) as approved by the Financial Reporting Standards Council (FRSC) and adopted by the SEC.

Basis of Preparation

The financial statements have been prepared on a historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

The financial statements are presented in Philippine Peso (₱), the Bank's functional and presentation currency. All amounts are rounded to the nearest peso except when otherwise indicated.

Changes in Accounting Policies

The accounting policies adopted are consistent with those of the previous financial years except for the following new and amended PFRS that are mandatorily effective for annual periods beginning on or after January 1, 2021.

COVID-19-related Rent Concessions beyond June 30, 2021 (Amendments to PFRS 16). The amendment provides relief to lessees from applying the PFRS 16 requirement on lease modifications to rent concessions arising as a direct consequence of the COVID-19 pandemic. A lessee may elect not to assess whether a rent concession from a lessor is a lease modification if it meets all of the following criteria: (a) the rent concession is a direct consequence of COVID-19; (b) the change in lease payments results in a revised lease consideration that is substantially the same as, or less than, the lease consideration immediately preceding the change; (c) any reduction in lease payments affects only payments originally due on or before June 30, 2022; and (d) there is no substantive change to other terms and conditions of the lease.

A lessee that applies this practical expedient will account for any change in lease payments resulting from the COVID-19 related rent concession in the same way it would account for a change that is not a lease modification, i.e., as a variable lease payment.

The amendment is effective for annual reporting periods beginning on or after April 1, 2021. Early adoption is permitted. The Bank adopted the amendments beginning April 1, 2021. As there are no rent concessions granted to the Bank as a lessee, these amendments had no impact on the financial statements.

Interest Rate Benchmark Reform – Phase 2 (Amendments to PFRS 9, PFRS 7, PFRS 4 and PFRS 16). The amendments provide the following temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR):

- Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform
- Relief from discontinuing hedging relationships
- Relief from the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component.

The Bank shall also disclose information about: (a) the nature and extent of risks to which the entity is exposed arising from financial instruments subject to IBOR reform, and how the entity manages those risks; and (b) their progress in completing the transition to alternative benchmark rates, and how the entity is managing that transition.

The amendments are effective for annual reporting periods beginning on or after January 1, 2021 and apply retrospectively. These amendments had no impact on the financial statements of the Bank.

New Accounting Standards, Interpretations and Amendments to Existing Standards Effective Subsequent to January 1, 2021

Standards issued but not yet effective up to the date of the Bank's financial statements are listed below. This listing of standards and interpretations issued are those that the Bank reasonably expects to have an impact on disclosures, financial position or performance when applied at a future date. The Bank intends to adopt these standards when they become effective.

Reference to the Conceptual Framework (Amendments to PFRS 3). Minor amendments were made to PFRS 3, Business Combinations to update the references to the Conceptual Framework for Financial Reporting and add an exception for the recognition of liabilities and contingent liabilities within the scope of PAS 37, Provisions, Contingent Liabilities and Contingent Assets and Philippine Interpretation IFRIC 21, Levies. The amendments also confirm that contingent assets should not be recognized at the acquisition date. The amendments are effective for annual periods beginning on or after January 1, 2022.

Property, Plant and Equipment: Proceeds before Intended Use (Amendments to PAS 16). The amendments to PAS 16, Property, Plant and Equipment prohibits an entity from deducting from the cost of an item of property, plant and equipment any proceeds received from selling items produced while the entity is preparing the asset for its intended use. It also clarifies that an entity is 'testing whether the asset is functioning properly' when it assesses the technical and physical performance of the asset. The financial performance of the asset is not relevant to this assessment. Entities must disclose separately the amounts of proceeds and costs relating to items produced that are not an output of the entity's ordinary activities. The amendments are effective for annual periods beginning on or after January 1, 2022.

Onerous Contracts – Cost of Fulfilling a Contract (Amendments to PAS 37). The amendment to PAS 37 clarifies that the direct costs of fulfilling a contract include both the incremental costs of fulfilling the contract and an allocation of other costs directly related to fulfilling contracts. Before recognizing a separate provision for an onerous contract, the entity recognizes any impairment loss that has occurred on assets used in fulfilling the contract.

The above amendments are effective for annual periods beginning on or after January 1, 2022. The Bank will apply these amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments.

Annual Improvements to PFRS Standards 2018–2020

- PFRS 9, *Financial Instruments* – clarifies which fees should be included in the 10% test for derecognition of financial liabilities.
- PFRS 16, *Leases – Lease Incentives* – amendment of illustrative example 13 to remove the illustration of payments from the lessor relating to leasehold improvements. The objective of the amendment is to avoid any potential confusion regarding the treatment of lease incentives because of how the requirements for lease incentives are illustrated.
- PFRS 1, *First-time Adoption of Philippine Financial Reporting Standards* – allows subsidiaries that have measured their assets and liabilities at carrying amounts recorded in their parent's books to also measure any cumulative translation differences using the amounts reported by the parent. This amendment will also apply to associates and joint ventures that have taken the same PFRS 1 exemption.

- PAS 41, *Agriculture, Taxation in Fair Value Measurements* – removal of the requirement for entities to exclude cash flows for taxation when measuring fair value under PAS 41. This amendment is intended to align with the requirement in the standard to discount cash flows on a post-tax basis.

The annual improvements are effective for annual periods beginning on or after January 1, 2022.

Deferred Tax Related to Assets and Liabilities Arising from a Single Transaction (Amendments to PAS 12). The amendments narrow the scope of the initial recognition exception under PAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. The amendments also clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognized in the financial statements (and interest expense) or to the related asset component (and interest expense). The annual improvements are effective for annual periods beginning on or after January 1, 2023.

An entity intends to apply the amendments to transactions that occur on or after the beginning of the earliest comparative period presented for annual reporting periods on or after January 1, 2023. The amendments are not expected to have a material impact on the Bank.

Definition of Accounting Estimates (Amendments to PAS 8). The amendments introduce a new definition of accounting estimates and clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, the amendments clarify that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors.

An entity applies the amendments to changes in accounting policies and changes in accounting estimates that occur on or after January 1, 2023 with earlier adoption permitted. The amendments are not expected to have a material impact on the Bank.

Disclosure of Accounting Policies (Amendments to PAS 1 and PFRS Practice Statement 2). The narrow-scope amendments PAS 1, *Presentation of Financial Statements* require entities to disclose material accounting policy information instead of significant accounting policies. The amendments also clarify the following: (1) accounting policy information may be material because of its nature, even if the related amounts are immaterial; (2) accounting policy is material if users of an entity's financial statements would need it to understand other material information in the statements; and (3) if an entity discloses immaterial accounting policy information, such information shall not obscure material accounting policy information.

Further, the amendment provides several paragraphs to explain how an entity can identify material accounting policy information and to give examples of when accounting policy information is likely to be material. In addition, PFRS Practice Statement 2 has been amended by adding guidance and examples to explain and demonstrate the application of 'four-step materiality process' to accounting policy information in order to support the amendments to PAS 1.

The amendment is applied prospectively. The amendment is effective for annual periods beginning on or after January 1, 2023, with earlier application permitted. Once the entity applies the amendments to PAS 1, it is also permitted to apply the amendments to PFRS Practice Statement 2.

Classification of Liabilities as Current or Non-current (Amendments to PAS 1). The amendments clarify paragraphs 69 to 76 of PAS 1, *Presentation of Financial Statements*, to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

The amendments are effective for annual reporting periods beginning on or after January 1, 2023 and must be applied retrospectively. However, in November 2021, the International Accounting Standards Board (IASB) tentatively decided to defer the effective date to no earlier than January 1, 2024. The Bank is currently assessing the impact the amendments will have on current practice.

Determination of Fair Value and Fair Value Hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to by the Bank.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Bank uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Bank determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as investment properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosures, the Bank has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Fair value measurement disclosures of financial and non-financial assets are presented in Note 5 to the financial statements.

'Day 1' Difference

Where the transaction price in a non-active market is different with the fair value from other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Bank recognizes the difference between the transaction price and fair value (a 'Day 1' difference) in the statement of income. In cases where the transaction price used is made of data which is not observable, the difference between the transaction price and model value is only recognized in the statement of income when the inputs become observable or when the instrument is derecognized. For each transaction, the Bank determines the appropriate method of recognizing the 'Day 1' difference amount.

Financial Instruments

Initial recognition, measurement and classification

The Bank recognizes financial assets and financial liabilities in the statements of financial position when it becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place are recognized on the settlement date.

With the exception of receivables that do not contain a significant financing component, financial assets and financial liabilities are recognized initially at fair value including transaction costs, except for those financial assets and liabilities at FVPL where the transaction costs are charged to expense in the period incurred. Receivables that do not contain a significant financing component are recognized initially at their transaction price.

The Bank classifies its financial assets as subsequently measured at amortized cost, at FVOCI and at FVPL. The classification of financial assets depends on the financial asset's contractual cash flow characteristics and the Bank's business model for managing the financial assets. The Bank's business model is determined at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. The Bank's business model determines whether cash flows will result from collecting contractual cash flows, selling financial assets or both.

The Bank classifies its financial liabilities as subsequently measured at amortized cost using the EIR or at FVPL.

Financial Assets at Amortized Cost

Financial assets are measured at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, financial assets at amortized cost are subsequently measured at amortized cost using the effective interest method, less impairment in value. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the financial assets are derecognized and through amortization process.

As at December 31, 2021 and 2020, the Bank's cash and other cash items, due from BSP, due from other banks, loans and other receivables, investment securities at amortized cost and other assets are classified under this category as disclosed in Notes 6, 7, 8 and 11.

Cash and cash equivalents include cash and other cash items, due from BSP and due from other banks. These are highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Loans and other receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and with no intention of trading.

Financial Liabilities at Amortized Cost

Financial liabilities are categorized as financial liabilities at amortized cost when the substance of the contractual arrangement results in the Bank having an obligation either to deliver cash or another financial asset to the holder, or to settle the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

These financial liabilities are initially recognized at fair value less any directly attributable transaction costs. After initial recognition, these financial liabilities are subsequently measured at amortized cost using the effective interest method. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the liabilities are derecognized or impaired or through the amortization process.

As at December 31, 2021 and 2020, the Bank's deposit liabilities, bills payable and accrued and other liabilities are classified under this as disclosed in Notes 12, 13 and 15.

Amortized Cost and EIR method

The amortized cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortization using the EIR method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. The gross carrying amount of a financial asset is the amortized cost of a financial asset before adjusting for any loss allowance.

Interest income is recognized using the EIR method for debt instruments measured subsequently at amortized cost and at FVOCI.

The EIR is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the EIR, transaction costs and other premiums or discounts) excluding ECL, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

Interest income is recognized in the statements of comprehensive income.

Offsetting of Financial Assets and Liabilities

Financial assets and liabilities are offset and the net amount reported in the statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

Derecognition of Financial Assets and Liabilities

Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the rights to receive cash flows from the asset have expired;
- the Bank retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to third party under a “pass-through” arrangement; or
- the Bank has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all risks and rewards of the asset, but has transferred control of the asset.

Where the Bank has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Bank’s continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Bank could be required to repay.

Financial liabilities

A financial liability is derecognized when the obligation under the liability was discharged, cancelled or has expired.

Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in profit or loss.

Impairment

At the end of the reporting period, the Bank assesses its expected credit losses (ECL). The Bank recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. The Bank being categorized as having simple and non-complex operations adopted the basic guidelines in setting up of allowance for credit losses provided for in Appendix 15 of the Manual of Regulations for Banks in recognizing expected credit losses (ECL) for its loans and other receivables. The Bank looks beyond the past due/missed amortizations in classifying exposures and in providing allowance for credit losses.

The Bank considers a financial asset in default when contractual payments, i.e. last amortization paid are more than 30 days past due. However, in certain cases, the Bank may also consider a financial asset to be in default when internal or external information indicates that the Bank is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Bank. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

The Bank's ECL measurement, as determined by the Management, is disclosed in Note 4.

As of December 31, 2021 and 2020, the Bank did not assess the impact of ECL model that is in accordance with PFRS 9 due to certain limitations.

Bank Premises, Furniture, Fixtures and Equipment

Bank premises, furniture, fixtures and equipment are initially measured at cost and subsequently carried at cost less the accumulated depreciation and any impairment in value. The initial cost of bank premises, furniture, fixtures and equipment comprises its purchase price, including import duties, taxes and any directly attributable costs of bringing the asset to its working condition and location of its intended use and the initial estimate of the future costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period. Expenditures incurred after the bank premises, furniture, fixtures and equipment have been put into operation, such as repairs and maintenance are normally charged against operations in the period in which the costs are incurred. Expenditures for additions, major improvements and renewals are capitalized. Depreciation of bank premises, furniture, fixtures and equipment commences once the assets are available for use and computed using the straight-line basis over the estimated useful life as follows:

	In Years
Building	20
Transportation equipment	5
Furniture, fixtures and equipment	2 to 5
Leasehold improvements	Shorter between useful life of 20 years or lease term

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Fully depreciated assets still in use are retained in the financial statements. When assets are retired or otherwise disposed of, the cost and the related accumulated depreciation and any impairment in value are removed from the financial statements and any resulting gain or loss is credited or charged to profit or loss. Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognized in profit or loss.

Investment Properties

Investment properties comprised of land held by the bank for capital appreciation and foreclosed properties or real and other properties acquired (ROPA). These are initially measured at cost including transaction costs. An investment property acquired through an exchange transaction is measured at fair value of the asset acquired unless the fair value of such an asset cannot be measured in which case the investment property acquired is measured at the carrying amount of the asset given up. Foreclosed properties are initially measured at acquisition cost which comprise the carrying amount of the related loan after adjustments for unamortized premium or discount less allowance for credit losses plus accrued interest and directly attributable costs.

Foreclosed properties are classified under investment properties upon either:

- Entry of judgment in case of judicial foreclosure;
- Execution of sheriff's certificate of sale in case of extra-judicial foreclosure; or
- Notarization of the deed of dacion in case of payment in kind (dacion en pago).

The difference between the fair value of the asset acquired and the carrying amount of the related loan is recognized in the statements of comprehensive income.

Expenditures incurred after the investment properties are recognized, such as repairs and maintenance costs, are normally charged to income in the period in which the costs are incurred.

Subsequent to initial recognition, depreciable investment properties are carried at cost less accumulated depreciation and any impairment losses. Land is subsequently measured at cost less any impairment in value.

Depreciation on depreciable investment properties is calculated on a straight-line basis over the estimated remaining useful life of 10 years.

Investment property is derecognized when they have either been disposed of or when they are permanently withdrawn from use and no future benefit is expected from its disposal. Any gains or losses on the retirement or disposal of investment properties are recognized in the statements of comprehensive income in the period of retirement or disposal. Transfers are made to or from investment properties only when, there is a change in use. Transfer between investment property, and bank premises, furniture, fixtures and equipment does not change the carrying amount of the property transferred nor does it change the cost of that property for measurement or disclosure purposes.

Other Assets

Other assets include prepaid assets, supplies, accounts receivables, petty cash fund and sundry debits. These are resources controlled by the Bank as a result of past events and from which future economic benefits are expected to flow to the entity. These are recognized in the financial statements when it is probable that the future economic benefits will flow to the entity and the asset has a cost or value that can be measured reliably. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Impairment of Non-financial Assets

At the end of each reporting date, the Bank assesses whether there is any indication that any non-financial assets may have suffered an impairment loss. If any such indication exists, the recoverable amount of these assets is estimated in order to determine the extent of the impairment loss, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Bank estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. An impairment loss is recognized as an expense, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Related Party Relationships and Transactions

Related party transactions are transfer of resources, services or obligations between the Bank and its related parties, regardless whether a price is charged.

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. These parties include: (a) individuals owning, directly or indirectly through one or more intermediaries, control or are controlled by, or under common control with the Bank; (b) associates; and (c) individuals owning, directly or indirectly, an interest in the voting power of the Bank that gives them significant influence over the Bank and close members of the family of any such individual.

In considering each possible related party relationships, attention is directed to the substance of the relationship and not merely on the legal form.

Revenue and Expense Recognition

Revenue is recognized when or as control over distinct goods or services is transferred to the customer such as when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits from the goods or services, given that a contract with enforceable rights and obligations exists and among others, the collectability of consideration is probable taking into account the customer's creditworthiness.

Revenue recognized is the transaction price that reflects the consideration which the Bank expects to be entitled to in a contract with a customer and excludes amounts collected on behalf of third parties.

To determine whether to recognize revenue, the Bank follows a five-step process:

- (1) identifying the contract with a customer;
- (2) identifying the performance obligation;
- (3) determining the transaction price;
- (4) allocating the transaction price to the performance obligations; and,
- (5) recognizing revenue when/as performance obligations are satisfied.

The following specific recognition criteria must also be met before revenue is recognized:

- a. Revenues within the scope of PFRS 15

Service Fees, Commissions, and Other Income

Fees, commissions and other income are generally recognized on an accrual basis when the service has been provided. Penalties are recognized only upon collection or where there is a reasonable degree of certainty as to their collectability.

Gain on sale of assets

Gain on sale of assets is recognized when earned in the period of retirement or disposal.

- b. Revenues outside the scope of PFRS 15

Interest income

Interest on financial instruments is recognized based on the effective interest method of accounting. The effective interest method is a method of calculating the amortized cost of a financial asset and allocating the interest income over the relevant period.

Expense Recognition

Expenses are recognized in profit or loss when decrease in future economic benefit related to a decrease in an asset or an increase in a liability has arisen that can be measured reliably. Expenses are recognized in profit or loss:

- on the basis of a direct association between the costs incurred and the earning of specific items of income;
- on the basis of systematic and rational allocation procedures when economic benefits are expected to arise over several accounting periods and the association with income can only be broadly or indirectly determined; or
- immediately when an expenditure produces no future economic benefits or when, and to the extent that, future economic benefits do not qualify, or cease to qualify, for recognition in the statements of financial position as an asset.

Interest expense are expenses incurred that are associated with the Bank's deposit liabilities and bills payable. Non-interest expenses are costs attributable to administrative, marketing, collection and other business activities of the Bank.

Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement and requires an assessment of whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset. A reassessment is made after the inception of the lease only if one of the following applies, (a) there is a change in contractual terms, other than a renewal or extension of the arrangement; (b) a renewal option is exercised or extension granted, unless the term of the renewal or extension was initially included in the lease term; (c) there is a change in the determination of whether fulfillment is dependent on a specific asset; or (d) there is a substantial change to the asset.

Where a reassessment is made, lease accounting shall commence or cease from the date when the change in circumstances gives rise to the reassessment for scenarios (a), (c) or (d), and at the date of renewal or extension period for scenario (b) above.

The Bank leases building and a land for its branches and remote server. The Bank applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value items. For leases with a term of more than twelve (12) months, the Bank recognizes a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments, unless the underlying asset is of low value.

Right-of-Use Asset

At the commencement date of the lease (which is when the underlying asset is available for use), the Bank recognizes the right-of-use assets. The right-of-use asset is initially measured at costs which consist of the amount of the lease liability plus any initial direct costs incurred and payments made at or prior to commencement date less lease incentives received and estimated costs to be incurred by the lessee for restoration or dismantling of the underlying asset to be suitable to the condition required by the terms and conditions of the lease. Subsequent to commencement date, the right-of-use asset shall be measured at cost less accumulated amortization and any accumulated impairment losses and adjusted for any remeasurement of the lease liability.

The right-of-use asset is amortized using the straight-line method over the shorter of its estimated useful life and the lease term as follows:

	<i>In years</i>
Land	20
Building	5

Lease liabilities

At the commencement date of the lease, (which is when the underlying asset is available for use), the Bank recognizes lease liabilities measured at the present value of the lease payments payable over the lease term, discounted at the rate implicit in the lease if that can be readily determined. If that rate cannot be readily determined, the Bank shall use an incremental borrowing rate.

Variable lease payments that are not included in the measurement of the lease liability are recognized in profit or loss in the period in which the event or condition that triggers payment occurs, unless the costs are included in the carrying amount of another asset under another Standard.

Lease liabilities are subsequently measured to reflect changes in the lease term, exercising of a purchase option (using a revised discount rate), amounts expected to be paid under residual value guarantees (using unchanged discount rate), or future lease payments resulting from a change or a rate used to determine those payments (using an unchanged discount rate). Such remeasurements are treated as adjustments to the right-of-use asset.

Short-term leases and leases of low-value assets

The Bank applies the short-term lease recognition exemption to its short-term leases of equipment and other rentals (i.e., those leases that have a lease term of twelve (12) months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

Leases with variable lease payments

The Bank recognizes payments for short-term and long-term leases with variable lease payments depending on the future revenue as expenses when incurred over the lease term.

Employee Benefits

Employee benefits are all forms of consideration given by the Bank in exchange for services rendered by employees, including trustees and management.

a. Short-term Employee Benefits

The Bank recognizes a liability net of amounts already paid and an expense for services rendered by employees during the accounting period. Short-term benefits given by the Bank to its employees include salaries and wages, bonus and incentives, directors' fees, SSS, PHIC, HDMF contributions, accumulating and vesting credit leaves and gratuity pay.

b. Retirement Benefits

The cost of providing benefits is determined using the Projected Unit Credit Method which reflects services rendered by employees to the date of valuation and incorporates assumptions concerning employees' projected salaries.

Retirement benefit obligation recognized in the statements of financial position is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of government bonds and that have terms to maturity approximating to the terms of the related retirement benefit obligation.

The Bank recognizes immediately the following changes in the retirement benefit obligation in the statements of comprehensive income:

- Service costs comprising current service costs, gains and losses on curtailment and non-routine settlements; and
- Net interest expense or income, which is calculated by applying the discount rate to the net defined benefit liability or asset.

Remeasurements, comprising actuarial gains or losses, the effect of the asset ceiling, excluding net interest and the return on plan assets, excluding net interest, are recognized immediately in the statements of financial position with a corresponding debit or credit to equity through "other comprehensive income" in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

The Bank engaged the services of an actuary to determine the amount of the Bank's retirement benefit obligation for the year ended December 31, 2021 (see Note 16).

Income Tax

The tax expense for the period comprises current and deferred tax. Tax is recognized in the profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the statements of comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Bank's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences, carry-forward of unused tax credits from excess Minimum Corporate Income Tax (MCIT) over Regular Corporate Income Tax (RCIT) and unused Net Operating Loss Carry-over (NOLCO), to the extent that it is probable that taxable profits will be available against which those deductible temporary differences

and carry forward of unused MCIT and unused NOLCO can be utilized. Deferred income tax, however, is not recognized when it arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction that affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Bank expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Bank intends to settle its current tax assets and liabilities on a net basis.

Provisions and Contingencies

Provisions are recognized when the Bank has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Where discounting is used, the increase in the provision due to the passage of time is recognized as interest expense. When the Bank expects a provision or loss to be reimbursed, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain and its amount is estimable. The expense relating to any provision is presented in the statements of comprehensive income, net of any reimbursement.

Contingent liabilities are not recognized in the financial statements. These are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but disclosed when an inflow of economic benefits is probable. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements.

Events after the Reporting Date

The Bank identifies post-year-end as events that occurred after the reporting date but before the date when the financial statements were authorized for issue. Post-year-end event that provide additional information about the Bank's financial position at the reporting date (adjusting events) are reflected in the financial statements. Post-year-end events are not adjusting events, if any, are disclosed when material to the financial statements.

3. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of the financial statements in compliance with PFRS requires management to make judgments, estimates and assumptions that affect the amounts reported in the financial statements. The judgments, estimates and assumptions used in the financial statements are based upon management's evaluation of relevant facts and circumstances at the end of the reporting period. Actual results could differ materially from such estimates.

Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical Judgments in Applying Accounting Policies

The Bank has made the following judgments, apart from those involving estimation, which have the most significant effect on the amounts recognized in the financial statements.

a. Business model assessment

Classification and measurement of financial assets depends on the results of the business model and solely for payments of principal and interest test. The Bank determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Bank monitors financial assets measured at amortized cost that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Bank's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets. No such changes were required during the periods presented.

Accordingly, the Bank classifies cash and other cash items (excluding cash on hand), due from BSP, due from other banks, loans and other receivables, investment securities at amortized cost and other assets as financial assets at amortized cost since these are held solely for payments of principal and interest.

b. Determining lease term and discount rate

Determining Lease Term - The Bank has entered into contract of lease for land and buildings as a lessee. The Bank has exercised significant judgment in determining the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be extended or in any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Bank determined that renewal periods of leases with longer periods are not included as part of the lease term as these are not reasonably certain to be exercised.

Estimating the Incremental Borrowing Rate (IBR)- Significant management judgment was used by the Bank in determining the discount rate, whether implicit rate, if readily available or IBR, to be used in calculating the present value of right-of-use asset and lease liabilities. The IBR is the rate of interest that the Bank would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the ROU asset in a similar economic environment. The IBR therefore reflects what the Bank 'would have to pay', which requires estimation when no observable rates are available or when they need to be adjusted to reflect the terms and conditions of the lease. The Bank estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates. The incremental borrowing rate used by the Bank was 7%.

c. Distinction between investment properties and owner-occupied properties

The Bank determines whether a property qualifies as an investment property. In making its judgment, the Bank considers whether the property generates cash flows largely independent of the other assets held by an entity. Owner-occupied properties generate cash flows that are attributable not only to the property but also to other assets used in operations.

Key Sources of Estimation Uncertainties

The Bank makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates assumptions and judgments that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

a. Estimating allowances for credit losses

The Bank estimates the allowance for credit losses related to its loans and receivables based on assessment of specific accounts where the Bank has information that certain customers are unable to meet their financial obligations. In these cases, judgment used was based on the best available facts and circumstances including but not limited to, the length of relationship with the customer and the customer's current credit status based on third party credit reports and known market factors. The Bank used judgment to record specific reserves for customers against amounts due to reduce the expected collectible amounts. These specific reserves are re-evaluated and adjusted as additional information received impacts the amounts estimated, notwithstanding the provisioning requirements under Manual of Regulations for Banks (MORB).

The amounts and timing of recorded expenses for any period would differ if different judgments were made or different estimates were utilized. An increase in the allowance for credit losses would increase the recognized operating expenses and decrease current assets.

Based on Management's assessment, the Bank recognized provision for credit losses amounting to ₱17,752,036 and ₱4,218,881 in 2021 and 2020, respectively. The details of the allowance for credit losses on financial assets are presented in Note 22.

b. Reviewing residual values, useful lives and depreciation method of bank's premises, furniture, fixtures and equipment, investment properties and right-of-use assets

The Bank estimates the useful lives of its bank premises, furniture, fixtures and equipment, right-of-use asset and investment properties based on the period over which the assets are expected to be available for use. The estimated useful lives are reviewed and updated, if expectations differ from previous estimates due to physical wear and tear. The estimation of the useful lives of bank premises, furniture, fixtures and equipment, right-of-use asset and investment properties is based on a collective assessment of industry practice and experience with similar assets. It is possible, however, that future results of operations could be materially affected by changes in estimates brought about by changes in factors mentioned above. A reduction in the estimated useful lives of bank premises, furniture, fixtures and equipment, right-of-use asset and investment properties would increase recorded operating expenses and decrease noncurrent assets.

In both years, Management assessed that there are no indications that there has been a significant change in pattern used by the Bank to consume its asset's future economic benefit. The carrying amount of the Bank's bank premises, furniture, fixtures and equipment, right-of-use asset and investment properties as at December 31, 2021 and 2020 amounted to ₱32,022,384 and ₱32,650,771, respectively (see Notes 9, 10 and 27).

c. Determining impairment of non-financial asset

The Bank performs an impairment review when certain impairment indicators are present. Determining the fair value of investment properties, and bank premises, furniture, fixtures and equipment, which require the determination of future cash flows expected to be generated from the continued use and ultimate disposition of such assets, requires the Bank to make estimates and assumptions that can materially affect the financial statements. Future events could cause the Bank to conclude that investment properties and bank premises, furniture, fixtures and equipment are impaired. Any resulting impairment loss could have a material adverse impact on the financial condition and results of operations.

The preparation of the estimated future cash flows involves significant judgment and estimations. While the Bank believes that its assumptions are appropriate and reasonable, significant changes in the assumptions may materially affect the assessment of recoverable values and may lead to future additional impairment charges under PFRS.

The details of allowance for impairment loss on investment properties are shown in Note 10.

d. Determining retirement benefit obligation

The determination of the Bank's obligation and cost of post-employment defined benefit is dependent on the selection of certain assumptions used by actuaries in calculating such amounts. Those assumptions include, among other, discount rates, and expected salary rate increase. In accordance with PFRS, actual results that differ from assumptions are accumulated and amortized over the future periods and therefore, generally affect the recognized expense and recorded obligation in such future periods.

As of December 31, 2021 and 2020, retirement benefit obligation amounted to ₱8,235,893 and ₱13,004,111, respectively (see Note 16).

e. Recoverability of deferred tax assets

The Bank reviews the carrying amounts at each reporting date and reduces deferred tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized prior to expiration.

The Bank recognized deferred tax assets amounting to ₱9,841,750 and ₱10,613,100 as at December 31, 2021 and 2020, respectively, which Management believes to be fully recoverable prior to expiration (see in Note 24).

4. RISK MANAGEMENT OBJECTIVES AND POLICIES

General Risk Management Principles

The Bank's financial assets comprise cash and other cash items, due from BSP, due from other banks, investment securities at amortized cost, loans and receivables, and other assets while financial liabilities comprise savings deposits, bills payable, accrued expenses and other liabilities to finance the Bank's operations.

The following table summarizes the carrying amount of financial assets and liabilities recorded by category:

	2021	2020
Financial assets measured at amortized cost:		
Cash and other cash item	₱12,132,020	₱9,235,064
Due from BSP	25,621,607	25,799,179
Due from other banks	282,215,822	314,683,148
Investment securities at amortized cost	86,643,445	46,437,636
Loans and other receivables	587,397,342	543,455,857
Other assets*	7,846,990	258,390
	₱1,001,857,226	₱939,869,274
Financial liabilities measured at amortized cost:		
Deposit liabilities	₱880,884,087	₱820,758,721
Bills payable	-	2,000,000
Accrued and other liabilities**	5,696,616	5,698,657
	₱886,580,703	₱828,457,378

*excluding non-financial assets amounting to ₱12,191,974 and ₱3,055,569 in 2021 and 2020, respectively.

**excluding government-related payables and non-financial liabilities amounting to ₱2,791,663 and ₱2,420,338 in 2021 and 2020, respectively.

Credit Risk and Concentration of Assets and Liabilities and Off-balance Sheet Items

Credit risk is the risk to earnings or capital arising from a counterparty failure to perform and meet the terms of its contract with the Bank subjecting the latter to a financial loss. Credit risk may last for the entire tenor and may approximate to the full amount of a transaction and in some cases may exceed the original principal exposure.

Credit risk inherent in the lending activities and the Bank manages it in accordance with a credit risk management framework that spans for identification, measurement, control, monitoring and reporting.

To manage credit risk, the Bank conducts credit investigation and background checking and follows written manuals and procedures for loan disbursements, monitoring and collection. Policies of loan diversification like maximum loan size, types of loans, loan structures are instituted to avoid concentration in a particular sector or area to lessen portfolio risk.

The Management closely monitors the overall credit operations and acts on the identified existing and potential risks appropriately for reporting during regular meetings of the BOD.

Maximum Exposure to Credit Risk before Collateral Held or Other Credit Enhancements

An analysis of the maximum exposure to credit risk relating to on-balance sheet assets without taking into account of any collateral held or other credit enhancements is shown below:

	2021	2020
Cash and other cash items*	₱242,145	₱1,179,304
Due from BSP	25,621,607	25,799,179
Due from other banks	282,215,822	314,683,148
Investment securities at amortized cost	86,643,445	46,437,636
Loans and other receivables**	636,262,872	587,123,297
Other assets***	7,846,990	258,390
	₱1,038,832,881	₱975,480,954

*except for cash on hand amounting to ₱11,889,875 and ₱8,055,760 in 2021 and 2020, respectively.

**gross of unamortized discount and allowance for credit losses amounting to ₱48,865,530 and ₱43,667,440 in 2021 and 2020, respectively.

***excluding non-financial assets amounting to ₱12,191,974 and ₱3,055,569 in 2021 and 2020, respectively.

Where financial instruments are recorded at fair value, the amounts represent the current credit risk exposure but not the maximum risk exposure that could arise in the future as a result of changes in values.

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Bank's performance to developments affecting a particular industry or geographic location.

Credit Quality of Financial Assets

The table below shows the credit quality by class of financial assets as at December 31, 2021 and 2020.

2021	Neither Past Due nor Impaired	Past Due but not Impaired	Impaired	Total
Cash and other cash items*	₱242,145	₱-	₱-	₱242,145
Due from BSP	25,621,607	-	-	25,621,607
Due from other banks	282,215,822	-	-	282,215,822
Investment securities at amortized cost	86,643,445	-	-	86,643,445
Loans and other receivables**	537,882,860	70,393,458	16,673,921	624,950,239
Other assets***	7,846,990	-	-	7,846,990
	₱940,452,869	₱70,393,458	₱16,673,921	₱1,027,520,248

2020	Neither Past Due nor Impaired	Past Due but not Impaired	Impaired	Total
Cash and other cash items*	₱1,179,304	₱-	₱-	₱1,179,304
Due from BSP	25,799,179	-	-	25,799,179
Due from other banks	314,683,148	-	-	314,683,148
Investment securities at amortized cost	46,437,636	-	-	46,437,636
Loans and other receivables**	496,115,097	67,281,585	11,326,845	574,723,527
Other assets***	258,390	-	-	258,390
	₱884,472,754	₱67,281,585	₱11,326,845	₱963,081,184

*except for cash on hand amounting to ₱11,889,875 and ₱8,055,760 in 2021 and 2020, respectively.

**gross of allowance for credit losses but net of unamortized discount amounting ₱11,312,633 and ₱12,399,770 in 2021 and 2020, respectively.

***excluding non-financial assets amounting to ₱12,191,974 and ₱3,055,569 in 2021 and 2020, respectively.

Neither past due nor impaired cash on hand and in banks are working capital cash fund placed, invested, or deposited in local banks belonging to the top ten (10) banks in the Philippines in terms of resources and profitability. Other neither past due nor impaired accounts are loans and other receivables and investment securities which have a very remote likelihood of default and have consistently exhibited good paying habits.

Past due but not impaired loans and receivables and investment securities are loans and receivables and investment securities where contractual interest or principal payments are past due but the Bank believes that impairment is not appropriate on the basis of the level of collateral available or status of collection of amounts owed to the Bank.

Loans with negotiated terms are loans that have been restructured due to deterioration in the borrower's financial position. In respect of some of these loans, the Bank has made concessions that it would not otherwise consider. Once the loan is restructured, it remains in this category independent of satisfactory performance after restructuring.

Impaired loans and other receivables and investment securities are those which the Bank determines that it will probably be unable to collect all principal and interest due based on the contractual terms of the promissory notes and securities agreements. Loans and other receivables that have been provided with 100% allowance for credit losses and those under litigation are considered impaired. The Bank holds collateral against loans receivables in the form of real estate and chattel mortgages, and deposit hold outs over assets.

Aging Analysis

An aging analysis of the Bank's loans and other receivable, net of unamortized discount as of December 31, 2021 and 2020 are as follows:

	2021	2020
Current accounts	₱537,882,860	₱496,115,097
Past due accounts:		
1 – 30 days past due	2,404,359	12,367,567
31 – 60 days past due	10,173,950	13,206,536
61 – 90 days past due	831,348	9,022,050
over 90 days past due*	73,657,722	44,012,277
	₱624,950,239	₱574,723,527

*Includes items in litigation amounting to ₱1,215,000 and ₱609,637 in 2021 and 2020, respectively.

Measurement of allowance for credit losses

As a general rule, Especially Mentioned and Substandard – Underperforming e.g., substandard accounts that are unpaid or with missed payment of less than ninety (90) days shall be considered as Stage 2 accounts, while Substandard Non-performing, Doubtful, and Loss accounts shall be considered as Stage 3 accounts.

Individually Assessed Loans and Other Credit Exposures

1. Loans and other credit exposures with unpaid principal and/or interest shall be classified and provided with allowance for credit losses (ACL) based on the number of days of missed payments, as follows:

For unsecured loans and other credit exposures:

No. of days unpaid/with missed payments	Classification	Minimum ACL	Stage
31 – 90 days	Substandard (underperforming)	10%	2
91 – 120 days	Substandard (non-performing)	25%	3
121 – 180 days	Doubtful	50%	3
181 days and over	Loss	100%	3

For secured loans and other credit exposures:

No. of days unpaid/with missed payments	Classification	Minimum ACL	Stage
31 – 90 days*	Substandard (underperforming)	10%	2
91 – 180 days*	Substandard (non-performing)	10%	3
181 – 365 days	Substandard (non-performing)	25%	3
Over a year – 5 years	Doubtful	50%	3
Over 5 years	Loss	100%	3

**When there is imminent possibility of foreclosure and expectation of loss, ACL shall be increased to 25%.*

Provided, that where the quality of physical collaterals or financial guarantees securing the loans and advances are determined to be insufficient, weak or without recoverable values, such loans and advances shall be treated as if these are unsecured.

- Loans and other credit exposures that exhibit the characteristics for classified accounts described under Sec. 143 (Credit Classification and Provisioning) shall be provided with ACL, as follows:

Classification	Minimum ACL	Stage
Especially mentioned	5%	2
Substandard – secured	10%	2 or 3
Substandard – unsecured	25%	2 or 3
Doubtful	50%	3
Loss	100%	3

- Unsecured loans and other credit accommodations classified as “Substandard” in the last two (2) internal credit reviews which have been continuously renewed/extended without reduction in principal and is not in process of collection, shall be downgraded to “Doubtful” classification and provided with a fifty percent (50%) allowance for credit losses.
- Loans and other credit accommodations under litigation which have been classified as “Pass” prior to the litigation process shall be classified as “Substandard” and provided with twenty-five percent (25%) allowance for credit losses.
- Loans and other credit accommodations that were previously classified as “Pass” but were subsequently restructured shall have a minimum classification of EM and provided with a five percent (5%) allowance for credit losses, except for loans which are considered non-risk under existing laws, rules and regulations.
- Classified loans and other credit accommodations that were subsequently restructured shall retain their classification and provisioning until the borrower has sufficiently exhibited that the loan will be fully repaid.

Collectively Assessed Loans and Other Credit Exposure

- Current “Pass” loans and other credit accommodations should be provided with a reasonable level of collective allowance, using historical loss experience adjusted for current conditions.

2. Loans and other credit exposures with unpaid principal and/ or interest shall be classified and provided with ACL based on the number of days of missed payments, as follows:

For unsecured loans and other credit exposures:

No. of days unpaid/with missed payments*	Classification	Minimum ACL	Stage
1 – 30 days	Especially Mentioned	2%	2
31 – 60 days/1 st restructuring	Substandard	25%	2 or 3
61 – 90 days	Doubtful	50%	3
91 days and over/2 nd restructuring	Loss	100%	3

**PAR for microfinance loans*

For secured loans and other credit accommodations:

No. of days unpaid/with missed payments*	Classification	ACL		Stage
		Other types of collateral	Security by real estate	
31 – 90 days	Substandard (underperforming)	10	10	2
91 – 120 days	Substandard (non-performing)	25	15	3
121 – 360 days	Doubtful	50	25	3
361 days – 5 years	Loss	100	50	3
Over 5 years	Loss	100	100	3

Provided, that where the quality of physical collaterals or financial guarantees securing the loans and advances is determined to be insufficient, weak or without recoverable values, such loans and advances shall be treated as if these are unsecured.

Liquidity Risk

Ultimate responsibility for liquidity risk management rests with the BOD, which has established an appropriate liquidity risk management framework for the management of the Bank's short, medium and long-term funding and liquidity management requirements. The Bank manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The Bank seeks to manage its liquidity profile to be able to finance its capital expenditures and cover its operating costs. The Bank's objective is to maintain a balance between continuity of funding and flexibility through valuation of projected and actual cash flow information.

On March 15, 2019, BSP circular 1035 amended the requirement of MLR of rural banks to 20%. The liquidity ratio is expressed as a percentage of the eligible stock of liquid assets to its total qualifying liabilities. As at December 31, 2021 and 2020, minimum liquidity ratio of the Bank is 40.68% and 59.07%, respectively.

The table below summarizes maturity profile of the Bank's financial assets and liabilities as at December 31, 2021 and 2020 based on undiscounted contractual cash flows.

2021	On Demand	Due Within 1 Year	Due Beyond 1 Year but Not More Than 5 Years	Due Beyond 5 Year but Not More Than 15 Years	Total
Financial Assets:					
Cash and other cash items	₱12,132,020	₱-	₱-	₱-	₱12,132,020
Due from BSP	25,621,607	-	-	-	25,621,607
Due from other banks	262,815,663	19,400,159	-	-	282,215,822

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk, such as equity price risk.

The Bank's activities expose it primarily to the financial risks of changes in interest rates.

Interest Rate Risk

Interest rate risk is the risk to the earning or capital resulting from adverse movements in the interest rates. The Bank closely monitors the movements of interest rates in the market and reviews its asset and liability structure to ensure that exposures to fluctuations in interest rates are kept within acceptable limits. The Bank's exposures to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management section of this note.

The Bank follows a prudent policy on managing its assets and liabilities so as to ensure that exposure to fluctuations in interest rates are kept within acceptable limits. The Bank's interest rate exposure management policy centers on reducing the Bank's overall interest expense and exposure to changes in interest rates.

The Bank uses the interest rates and maturity matching analysis to monitor interest rate risk as follows:

Operational Risks

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Bank's involvement with financial instruments, including processes, personnel, technology and infrastructure, and from legal and regulatory requirements and generally accepted standards of corporate behavior.

The Bank's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the Bank's reputation with overall cost effectiveness and to avoid control procedures that restrict initiative and creativity.

The primary responsibility of the development and implementation of controls to address operational risk is assigned to senior management within each business unit. This responsibility is supported by the development of overall Bank standards for the management of operational risk in the following areas;

- a) Requirements for appropriate segregation of duties, including the independent authorization of transactions;
- b) Requirements for the reconciliation and monitoring of transactions;
- c) Compliance with regulatory and other legal requirements;
- d) Documentation of controls and procedures;
- e) Requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified;
- f) Requirements for the reporting of operational losses and proposed remedial action;
- g) Development of contingency plans;
- h) Training and professional development;
- i) Ethical and business standards; and
- j) Risk mitigation, including insurance where this is effective.

Compliance with Bank standards is supported by a program of periodic reviews undertaken by Internal Audit. The results of Internal Audit reviews are discussed with the management of the business unit to which they relate, with summaries submitted to the Audit Committee and senior management of the Bank.

5. FAIR VALUE INFORMATION

Financial assets and liabilities not measured at fair value

The fair values of cash and other cash items, due from BSP, due from other banks, other assets deposit liabilities, bills payable and accrued and other liabilities measured at amortized cost approximates their carrying values either because these instruments are short- term in nature or the effect of discounting for those with maturities of more than one year is not material.

The following financial assets and liabilities are not measured at fair values on recurring basis but the fair value disclosure is required:

2021	Carrying Value	Fair Value			
		Level 1	Level 2	Level 3	Total
ASSETS					
Investment securities at amortized cost	₱86,643,445	₱-	₱86,643,445	₱-	₱86,643,445
Loans and other receivables – net	587,397,342	-	587,397,342	-	587,397,342
	₱674,040,787	₱-	₱674,040,787	₱-	₱674,040,787
LIABILITY					
Lease liability	₱486,491		₱486,491		₱486,491

2020	Carrying Value	Fair Value			
		Level 1	Level 2	Level 3	Total
ASSETS					
Investment securities at amortized cost	₱46,437,636	₱-	₱46,437,636	₱-	₱ 46,437,636
Loans and other receivables – net	543,455,857	-	543,455,857	-	543,455,857
	₱589,893,493	₱-	₱589,893,493	₱-	₱589,893,493
LIABILITY					
Lease liability	₱750,862	₱-	₱750,862	₱-	₱750,862

***excluding non-financial assets amounting to ₱12,191,974 and ₱3,055,569 in 2021 and 2020, respectively.

Basis or assumptions in determining the fair value of financial instruments are disclosed below:

- Investment securities at amortized cost* - The fair value for investment securities at amortized cost is based on market prices. Where this information is not available, the fair value has been estimated using quoted market prices for securities with similar credit, maturity and yield characteristics or through valuation techniques using discounted cash flow analysis. The discount rates used in 2021 and 2020 range from 1% to 6.125%.
- Loans and other receivables* - Loans and other receivables are net of provisions for probable losses. The estimated fair value of loans and other receivables represents the discounted amount of estimated future cash flows expected to be received. Expected cash flows are discounted at the loan's interest rates ranging from 10% to 12% in 2021 and 2020.
- Lease liability* - The fair value of the lease liability approximates its carrying amount as it is determined based on the present value of estimated future cash flows using prevailing market rates. The discount rate used is 7% as at December 31, 2021 and 2020.

Investment property measured at cost

The fair value of investment properties with carrying amount of ₱4,711,371, and ₱2,632,828, as at December 31, 2021 and 2020, respectively, amounted to ₱21,925,757 and ₱12,588,864, which is currently categorized within Level 2. The fair value of the investment properties were arrived at using the market comparable approach through investigation and careful consideration to the extent, character and utility of the property; government assessment of real property; local government zoning system; sales and holding prices of similar land; “highest and best use” of the property and all adverse internal and external factors that may tend to affect or influence the value of the property.

There were no changes on the valuation techniques nor any transfers to other levels for the years ended December 31, 2021 and 2020.

6. CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of the following:

	2021	2020
Cash and other cash items:		
Cash on hand	₱11,889,875	₱8,055,760
Checks and other cash items	242,145	1,179,304
	12,132,020	9,235,064
Due from BSP	25,621,607	25,799,179
Due from other banks	282,215,822	314,683,148
	₱319,969,449	₱349,717,391

Cash and other cash items refer to cash on hand representing the total amount of cash in the Bank's vault in the form of notes and coins under the custody of the cashier, including notes and coins in the possession of tellers while checks and other cash items account refers to the total amount of checks and other cash items received after the clearing cut-off time until the close of the regular banking hours.

Due from BSP refers to the mandatory reserves representing the balance of the deposit account maintained with the BSP to meet reserve requirements and to serve as clearing account for interbank claims. Deposits with BSP does not earn interest.

Under Section 252 of the Manual of Regulation for Banks (MORB), the required reserves shall be kept in the form of deposits placed in the banks' demand deposit accounts with BSP. This further provides that such deposit account with the BSP is not considered as a regular current account as BSP checks for drawings against such deposit shall be limited to settlement of obligations with the BSP and withdrawals to meet cash requirements.

Due from other banks comprise of savings deposits with interest rates ranging from 0.1% to 0.625% and time deposits with interest rates ranging from 1% to 6%.

Section 362 of the MORB states that loans and other credit accommodations as well as deposits and usual guarantees by a bank to any other bank, whether locally or abroad, shall be subject to the limits as herein prescribed or ₱100 million, whichever is higher. Provided, that the lending bank shall exercise proper due diligence in selecting a depository bank and shall formulate appropriate policies to address the corresponding risks involved in the transactions.

Interest earned on deposits on local banks amounted to ₱1,292,364 and ₱1,129,901 in 2021 and 2020, respectively.

7. INVESTMENT SECURITIES AT AMORTIZED COST

The Bank has investments in debt securities classified as investment securities at amortized cost. Details are as follows:

	2021	2020
Retail treasury bonds	₱46,649,000	₱46,663,000
Treasury bills	40,292,000	-
Less: Unamortized discount	(297,555)	(225,364)
	₱86,643,445	₱46,437,636

Movements in the account are disclosed below:

	2021	2020
Balance at January 1	₱46,437,636	₱43,462,278
Acquisitions during the year	130,246,774	254,015,429
Maturities during the year	(90,040,965)	(251,040,071)
Balance, December 31	₱86,643,445	₱46,437,636

Total interest earned on these financial assets amounted to ₱2,526,777 and ₱2,544,078 for 2021 and 2020, respectively. No impairment was recognized as of December 31, 2021 and 2020.

Under current bank regulations, investments in bonds and other debt instruments shall not exceed 50% of adjusted statutory net worth plus 40% of total deposits liabilities. As of December 31, 2021 and 2020, the Bank is compliant with such regulations.

8. LOANS AND OTHER RECEIVABLES (NET)

The account consists of the following:

	2021	2020
Receivable from customers:		
Small and medium enterprise	₱296,276,737	₱302,507,010
Agrarian reform loan	181,216,238	152,000,186
Other agricultural credit loans	43,405,742	40,784,459
Loans to individuals for housing purposes	21,394,518	11,436,674
Loans to individuals primarily for personal use purposes	6,373,019	13,365,898
Loans to individuals – other purposes	73,638,509	50,433,734
Total loans	622,304,763	570,527,961
Less: Allowance for ECL – note 22	(33,834,920)	(27,549,693)
Unamortized discount	(9,644,139)	(9,648,188)
	578,825,704	533,330,080
Other receivables:		
Sales contract receivable	8,434,286	11,033,120
Less: Allowance for ECL – note 22	(3,717,977)	(3,717,977)
Unamortized discount	(1,668,494)	(2,751,582)
	3,047,815	4,563,561
Accrued interest receivable	5,523,823	5,562,216
	₱587,397,342	₱543,455,857

Interest rates range from 10% to 12% per annum in 2021 and 2020.

The breakdown of loans by status is presented as follows:

	2021	2020
Current loans	₱540,940,664	₱493,498,318
Past due loans	80,149,099	76,420,006
Under litigation	1,215,000	609,637
	₱622,304,763	₱570,527,961

Interest income earned by the Bank from its loans and other receivables are disclosed below:

	2021	2020
Loans receivable	₱72,214,817	₱68,800,586
Sales contract receivable	1,446,316	265,322
	₱73,661,133	₱69,065,908

As at December 31, 2021 and 2020, loans receivable with carrying amount of nil and ₱2,000,000, respectively, were used as collateral for bills payable (see Note 13).

Sales contract receivable refers to the amortized cost of assets acquired in settlement of loans through foreclosure or dacion in payment and subsequently sold on installment basis whereby the title to the said property is transferred to the buyers only upon full payment of the agreed selling price.

Allowance for credit losses on loans receivables is comprised of the following:

	2021	2020
Specific loan loss	₱28,659,695	₱23,578,476
General loan loss	5,175,225	3,971,217
	₱33,834,920	₱27,549,693

The Bank applies the general approach in measuring ECLs which uses a 12-month ECL or lifetime expected loss allowance for all loans receivables. The Bank's allowance for ECL has been determined with due consideration to the BSP guidelines on loan loss provisioning.

Banks with credit operations that may not economically justify a more sophisticated loan loss estimation methodology or where practices fall short of expected standards shall, at a minimum, be subject to the following guidelines:

As a general rule, Especially Mentioned and Substandard – Underperforming [e.g., substandard accounts that are unpaid or with missed payment of less than ninety (90) days shall be considered as Stage 2 accounts, while Substandard – Non-performing, Doubtful, and Loss accounts shall be considered as Stage 3 accounts.

BSP requires banks to establish specific allowance for impairment losses for classified loans and other risk assets in accordance with the following classification:

Classification	Required allowance			Stage
	Quantitative			
	Secured	Unsecured (Individually assessed)	Unsecured (Collectively assessed)	
Loans especially mentioned	5%	5%	2%	2
Substandard – secured				
Underperforming	10%	–	–	2
Non-performing	10-25%	–	–	3
Substandard – unsecured				
Underperforming	–	10%-25%	10%-25%	3
Non-performing	–	10%-25%	10%-25%	3
Doubtful	25%-50%	50%	50%	3
Loss	100%	100%	100%	3

In addition, the Bank also provides a General Loan Loss Provision (GLLP) equivalent to 1% of the outstanding balance of unclassified loans other than restructured loans less loans which are considered non-risk under existing laws, rules and regulations.

With the foregoing level of allowance for ECL, management believes that the Bank has sufficient allowance to cover any losses that may be incurred from the non-collection or non-realization of its receivables and other risk assets.

Regulatory Relief

BSP Memorandum 2021-061 states that BSP-supervised financial institutions (BSFIs) are expected to conduct a comprehensive assessment of the quality of its loan portfolio before applying for the relief to book the allowance for credit losses on a staggered basis. BSFIs should assess each loan account in determining allowance for credit losses. If assessment on an individual account basis is not feasible, the assessment should be done on a collective basis or at the portfolio level.

Consistent with the provisions of the Guidelines on Credit Risk Management, the propriety and adequacy of allowance for credit losses should be independently reviewed. BSFIs may apply for approval of staggered booking of allowance credit losses until March 8, 2021. Upon receipt of BSP approval, BSFIs are expected to immediately book the amount of allowance for credit losses that should be recognized in the first year of the five-year period.

- a) On March 5, 2021, the Bank submitted its application for staggered booking of allowance for credit losses for a period of 2 years, on a quarterly basis until December 31, 2022. The impact of staggered booking was taken up in the 2020 financial statements as follows:

	Amount with relief	Impact of relief Increase (Decrease)	Amount without relief
Loans and other receivables	₱543,455,857	(₱3,133,679)	₱540,322,178
Allowance for credit losses – loans and other receivables	31,267,670	3,133,679	34,401,349
Provision for credit losses	4,218,881	3,133,679	7,352,560
Surplus free	76,188,762	(2,193,575)	73,995,187
Deferred tax asset	10,595,230	940,104	11,535,334
Income tax expense	4,759,427	(940,104)	3,819,323

As of December 31, 2021, the Bank recognized the full amount of the provision for credit losses that was applied for staggered booking amounting to ₱3,133,679.

- b) Eligible loans excluded from past due and non-performing classification as of December 31, 2021 and 2020 as an effect of the relief amounted to ₱25,308,662 and ₱63,063,197, respectively.

Past Due Loans

Past due loans of a bank shall, as a general rule, refer to all accounts in its loan portfolio, all receivable components of trading account securities and other receivables, which are not paid at maturity.

BSP Manual of Regulations for Banks, Sec. 304, as amended by BSP Circular 941, defined the classification of past due loans as follows:

As a general rule, loans, investments, receivables, or any financial asset, including restructured loans, shall be considered past due when any principal and/or interest or installment due, or portions thereof, are not paid at their contractual date, in which case, the total outstanding balance thereof shall be considered past due.

Installment refers to principal and/or interest amortizations that are due on several dates as indicated in the loan documents. The allowance for loan losses is the estimated amount of losses in the Bank's loan portfolio, based on evaluation of the collectability of loans and prior loss experience.

Any amounts set aside in respect of losses on loans and advances in addition to those losses that have been specifically identified or potential losses which experience indicates to be present in the portfolio of loans and advances are accounted for as appropriations from retained earnings. Any credits resulting from the reduction of such amounts result in an increase in retained earnings and are not included in the determination of net profit or loss for the period.

The allowance is increased by provisions charged to expenses and reduced by write-offs and reversals.

Non-Performing Loans

Breakdown of non-performing loans (based on BSP Circular 941) based on days outstanding are as follows:

	2021	2020
Past due accounts:		
Less than 30 days	P-	P-
30 – 60 days	-	-
61 – 90 days	-	-
91 – 180 days	16,080,938	19,679,408
Over 180 days	51,491,703	33,820,237
	P67,572,641	P53,499,645

As of December 31, 2021 and 2020, non-performing loans (NPLs) not fully covered by allowance for credit losses are as follows:

	2021	2020
Total Non-performing loans	P67,572,641	P53,499,645
Less: Non-performing loans covered by allowance for credit losses	67,310,683	16,020,959
	P261,958	P37,478,686

Information regarding the Bank's non-performing loans are as follows:

	2021	2020
Gross Non-performing loans	P67,572,641	P53,499,645
Ratio of gross NPLs to gross TLP (%)	10.86%	9.38%
Net non-performing loans	P261,958	P37,478,686
Ratio of net NPLs to gross TLP (%)	0.01%	6.57%
Ratio of total allowance for credit losses to gross NPLs (%)	50.07%	51.50%
Ratio of specific allowance for credit losses on gross TLP to gross NPLs (%)	42.41%	44.07%

BSP Circular 941 defined non-performing loans (NPLs) as follows:

Loans, investments, receivables or any financial asset shall be considered non-performing, even without missed contractual payments, when it is considered impaired under existing accounting standards, classified as doubtful or loss, in litigation, and/or there is evidence that full repayment of principal and interest is unlikely without foreclosure of collateral. All other loans, even if not considered impaired, shall be considered non-performing if any principal and/or interest are unpaid for more than 90 days from contractual due date, or accrued interests for more than 90 days have been capitalized, refinanced, or delayed by agreement.

Microfinance and other small loans with similar credit characteristics shall be considered non-performing after contractual due date or after it has become past due. Restructured loans shall be considered non-performing. However, if prior to restructuring, the loans were categorized as performing, such classification shall be retained.

9. BANK PREMISES, FURNITURE, FIXTURES AND EQUIPMENT (NET)

A reconciliation of the carrying amounts at the beginning and end of years 2021 and 2020, and the gross carrying amounts and accumulated depreciation of bank premises, furniture, fixtures and equipment are shown below:

December 31, 2021

	Land	Building	Leasehold improvements	Furniture, fixtures and equipment	Transportation equipment	Total

Management believes that there are no indications of impairment in the value of its bank premises, furniture, fixtures and equipment as at December 31, 2021 and 2020.

Depreciation and amortization is recognized under operating expenses in the statements of comprehensive income.

In 2021 and 2020, the Bank sold bank premises, furniture, fixtures and equipment for a total consideration of ₱501 and ₱54,000 resulting to a gain on sale amounting to ₱497 and ₱53,995, respectively (see Note 20).

No bank premises, furniture, fixture and equipment were used as collateral for liabilities as at December 31, 2021 and 2020.

As of December 31, 2021 and 2020, the Bank has no commitment to purchase bank premises, furniture, fixture and equipment.

Section 109 of the MORB states that the total investment of a bank in real estate and improvements thereon, including bank equipment, shall not exceed fifty percent (50%) of the bank's net worth. As of December 31, 2021 and 2020, the Bank is compliant with such regulation.

10. INVESTMENT PROPERTIES (NET)

This account pertains to real properties, such as land, held by the bank for capital appreciation. The account also includes real properties foreclosed from delinquent borrowers which are held for capital appreciation.

Details of the Bank's investment properties are as follows:

2021	Land	Building	Total
<u>Cost:</u>			
Balance, January 1	₱4,093,720	₱720,960	₱4,814,680
Additions	2,130,682	1,149,401	3,280,083

	₱2,399,953	₱232,875	₱2,632,828

The movement of allowance for impairment loss is as follows:

	2021	2020
Balance, January 1	₱2,083,280	₱1,471,696
Additions	-	711,586
Disposals/Reversals	(718,086)	(100,002)
	₱1,365,194	₱2,083,280

In 2021, the Bank disposed certain investment properties with carrying amount of ₱207,706 for cash proceeds of ₱457,916, realizing a gain of ₱250,210 (see Note 20). Also, certain investment properties with carrying amount of ₱1,159,321 were sold through sales contract at selling price of ₱1,950,000, gross of unamortized discount amounting to ₱363,228, realizing a gain of ₱427,451 (see Note 20). Out of the total selling price, ₱588,438 were collected in 2021 while the remaining balance of ₱998,333 was included as part of sales contract receivable.

In 2020, the Bank disposed certain investment properties with carrying amount of ₱1,956,611 for cash proceeds of ₱4,139,627, realizing a gain of ₱2,183,016, as disclosed in Note 20. Also, certain investment properties with carrying amount of ₱3,536,800 were sold through sales contract at selling price of ₱9,170,000, gross of unamortized discount amounting to ₱1,666,034, realizing a gain of ₱3,967,166, as disclosed in Note 20. Out of the total selling price, ₱5,572,833 were collected in 2020 while the remaining balance of ₱1,931,133 was included as part of sales contract receivable.

The Bank acquired its investment from foreclosure of properties. In 2021 and 2020, transaction costs amounting to ₱520,636 and nil, respectively, were incurred in relation to foreclosure of properties.

The fair value of unimpaired investment properties with carrying amount of ₱4,711,371, and ₱2,632,828, as of December 31, 2021 and 2020, respectively amounted to ₱21,925,757 and ₱12,588,864, is currently categorized within Level 2.

Real estate taxes related to the investment properties amounted to ₱37,335 and ₱44,446 in 2021 and 2020, respectively and are included in taxes and licenses under operating expenses in the statement of comprehensive income.

No amount of investment properties of the Bank has been pledged to secure general banking facilities granted to the Bank.

11. OTHER ASSETS

This account consists of:

	2021	2020
Sundry debits	₱10,145,258	₱1,158,321
Stationery and supplies on hand	1,051,580	1,034,649
Accounts receivable	9,112,746	1,974,146
Prepaid expense	65,052	65,052
Petty cash fund	9,000	9,000
Security deposits	450,000	-
Miscellaneous assets	921,084	788,549
	21,754,720	5,029,717
Less: Allowance for credit losses – note 22	1,715,756	1,715,756
	₱20,038,964	₱3,313,961

Sundry debits represent various ATM transactions of the Bank which are not yet received as of the cut-off date. Security deposit pertains to services package subscription for automated teller machine with a term of one year.

12. DEPOSIT LIABILITIES

This account consists of:

	2021	2020
Savings deposits	₱717,499,534	₱ 685,562,889
Demand deposits	163,384,553	135,195,832
	₱880,884,087	₱820,758,721

Savings earn annual interest rate of 0.50%. Time deposits earn annual interest rate of 1.5% to 4% in 2021 and 2020.

Total interest expense on deposit liabilities amounted to ₱7,388,474 and ₱9,364,702 in 2021 and 2020, respectively. Accrued interest on deposit liabilities amounted to ₱1,445,413 and ₱1,618,650 as at December 31, 2021 and 2020, respectively (see Note 15).

Liquidity and statutory reserve

Per BSP Circular No. 1092, the rates of required reserves against deposits and deposit substitute in local currency of rural banks effective July 31, 2020 shall be 2% for demand deposits and 2% for savings deposits.

The Bank's Due from BSP as compared with the reserve requirement is shown below:

	2021	2020
Due from BSP	₱25,621,607	₱25,799,179
Less: 2% reserve requirement	17,617,682	16,415,174
Excess	₱8,003,925	₱9,384,005

The Bank is compliant with the BSP reserve requirement as of December 31, 2021 and 2020.

13. **BILLS PAYABLE**

Movement of the account is as follows:

	2021	2020
At January 1	₱2,000,000	₱15,000,000
Proceeds	-	3,000,000
Payments	(2,000,000)	(16,000,000)
At December 31	₱-	₱2,000,000

On December 31, 2017, the Bank availed rediscounting facilities of Land Bank of the Philippines at 4.5% per annum. As at December 31, 2021 and 2020, loans receivable with outstanding balance of nil and ₱2,000,000, respectively, were used as collateral for bills payable, as disclosed in Note 8.

Interest expense on bills payable for the years ended December 31, 2021 and 2020 amounted to ₱1,333 and ₱473,861, respectively.

14. **DEPOSIT FOR FUTURE STOCKS SUBSCRIPTIONS**

In 2018, the Bank received cash from stockholders which the Bank recognized as deposit for future stocks subscription under liabilities in the statement of financial position since, the requirements under paragraph 11 of PAS 32 and Financial Reporting Bulletin No. 6 – 2012, as amended, were not met for it to be recognized as equity.

The Bank signified its intent to increase its capitalization through a special joint meeting of directors and stockholders held on February 13, 2019 wherein the Board of Directors has approved an increase of authorized shares to 1,000,000 with par value of ₱100, divided into 975,000 common shares and 25,000 preferred shares. As of December 31, 2021, the Bank is still in the process of completing the required documents before submitting its application to SEC.

In 2021 and 2020, additional subscription amounting to ₱3,980,825 and ₱2,369,775 was received, respectively. The balance of deposit for stocks subscription as of December 31, 2021 and 2020 amounted to ₱9,481,700 and ₱5,500,875, respectively.

15. **ACCRUED AND OTHER LIABILITIES**

This account consists of:

	2021	2020
Accrued expenses	₱3,062,732	₱2,655,852
Accrued interest expense – note 12	1,445,413	1,618,650
Accounts payable	1,188,471	1,424,155
Deposit for redemption	911,000	851,000
Withholding tax payable	318,863	655,387
Due to Treasurer of the Philippines	340,485	340,485
SSS, Philhealth and HDMF contribution	187,264	181,580
Due to Philippine Crop Insurance Corporation	106,474	106,474
Sundry credit	927,577	285,412
	₱8,488,279	₱8,118,995

Accrued expenses include accrual of salaries and employee benefits, professional fees and utilities.

Accounts payable represents various expenses incurred by the Bank for its own account and the third parties arising from short term indebtedness/obligations such as insurance, notarial and others which still outstanding at the cut-off/reporting date.

Sundry credits represent various ATM transactions of the Bank which are not yet settled as of the cut-off date.

16. RETIREMENT BENEFIT OBLIGATION

The Bank has a funded and non-contributory defined benefit plan covering all regular and full-time permanent employees. Benefits are based on the employee's years of service and final plan salary. The fund is administered by a trustee bank. The retirement plan meets the minimum retirement benefit specified under RA No. 7641, The Philippine Retirement Pay Law. The present value of the retirement liability under the plan is measured in terms of actuarial assumptions of mortality, investment yield and salary increase rates. The present value of the retirement benefit obligation, and the related current service cost and past service costs were measured using the projected unit credit method.

Actuarial valuations are made every year to update the retirement benefit obligation or more frequently if factors indicate a material change in the assumptions.

In determining the amounts of the defined benefit post-employment obligation, the following significant actuarial assumptions were used:

The assumptions used to determine retirement benefits of the Bank are as follows:

	2021	2020
Discount rate	5.01%	3.98%
Salary rate increase	3.00%	3.00%

The amount of retirement benefit obligation recognized in the statements of financial position as of December 31, 2021 and 2020 are determined as follows:

	2021	2020
Present value of defined benefit obligation	₱21,811,042	₱25,143,341
Fair value of plan assets	(13,575,149)	(12,139,230)
Present value of unfunded obligation	₱8,235,893	₱13,004,111

Movements in the present value of unfunded obligation for the years ended December 31, 2021 and 2020 are as follows:

	2021	2020
Balance as at January 1	₱13,004,111	₱9,862,309
Retirement benefits cost in profit or loss	2,464,390	2,166,397
Remeasurement loss (gain) in OCI	(2,033,616)	2,835,812
Contributions	(2,220,312)	(1,638,710)
Benefits paid directly from book reserve	(2,978,680)	(221,697)
Balance as at December 31	₱8,235,893	₱13,004,111

Movements in the present value of the defined benefit obligation for the years ended December 31, 2021 and 2020 are as follows:

	2021	2020
Balance, January 1	₱25,143,341	₱21,316,916
Current service cost	1,963,758	1,667,101
Interest expense	1,000,705	1,112,743
Benefits paid directly from book reserve	(2,978,680)	(221,697)
Benefits paid from plan asset	(1,369,493)	(1,044,200)
Actuarial (gain) loss – changes in financial assumptions	(2,947,657)	3,497,684
Actuarial (gain) loss – experience	1,000,327	(1,185,206)
Actuarial (gain) – changes in demographic assumptions	(1,259)	-
Balance, December 31	₱21,811,042	₱25,143,341

Movements in fair value of plan assets for the years ended December 31, 2021 and 2020 are as follows:

	2021	2020
Balance, January 1	₱12,139,230	₱11,454,607
Contributions	2,220,312	1,638,710
Interest income	500,073	613,447
Benefits paid from plan asset	(1,369,493)	(1,044,200)
Remeasurement gain (loss) – return on plan assets	85,027	(523,334)
Balance, December 31	₱13,575,149	₱12,139,230

Retirement benefit expense recognized in profit or loss is as follows (see Note 21):

	2021	2020
Current service cost	₱1,963,758	₱1,667,101
Interest on defined benefit obligation	1,000,705	1,112,743
Interest income on plan assets	(500,073)	(613,447)
	₱2,464,390	₱2,166,397

Amounts recognized in other comprehensive income (OCI) in respect of these retirement benefit plans are as follows:

	2021	2020
Actuarial (gain) loss – DBO	(₱1,948,589)	₱2,312,478
Remeasurement (gain) loss – plan assets	(85,027)	523,334
Defined benefit cost in OCI – expense	(₱2,033,616)	₱2,835,812

Amounts recognized in other comprehensive income were included within items that will not be reclassified subsequently to profit or loss.

Cumulative (gain) loss recognized in other comprehensive income (OCI) – net of tax are as follows:

	2021	2020
Beginning balance	₱4,161,614	₱2,176,546
Actuarial (gain) loss – DBO	(1,948,589)	2,312,478
Remeasurement (gain) loss – plan assets	(85,027)	523,334
Deferred tax effect	508,404	(850,744)
Cumulative actuarial loss – net of tax	₱2,636,402	₱4,161,614

Allocation of plan assets (%) is as follow:

	2021	2020
Cash and cash equivalents	0.05%	0.13%
Equity instruments	0.00%	0.00%
Debt instruments – government bonds	58.27%	70.92%
Debt instruments – other bonds	2.19%	2.68%
Unit investment trust funds	36.71%	22.15%
Other	2.78%	4.12%
Total	100%	100%

The Retirement Trust Fund assets are valued by the fund manager at fair value using market-to-market valuation. While no significant changes in asset allocation are expected in the next financial year, the Retirement Plan Trustee may make changes at any time.

Expected contribution to the fund in the next financial year is as follow:

	2021	2020
Expected contribution in the next financial year	₱2,400,000	₱1,638,710

Maturity analysis: 10-year projection of expected future benefits payments is as follow:

	2021	2020
Year 1	₱885,999	₱1,510,706
Year 2	364,905	865,420
Year 3	3,210,774	363,378
Year 4	1,102,084	3,081,461
Year 5	426,203	1,094,460
Year 6 – 10	14,460,695	12,853,088

Below shows the sensitivity analysis determined based on reasonably possible changes of each significant assumptions stated above, assuming all other assumptions were held constant:

Principal assumptions	Increase/Decrease in assumption	Impact on retirement benefit obligation	
		2021	2020
Discount rate	+1%	(₱2,378,473)	(₱2,879,672)
	-1%	2,853,497	3,462,216
Salary increase rate	+1%	2,883,918	3,461,486
	-1%	(2,442,482)	(2,930,634)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the retirement liability recognized within the statements of financial position.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous period.

Through its defined benefit retirement plan, the Bank is exposed to a number of risks, the most significant of which are as follows:

- a Asset volatility – The plan liabilities are calculated using a discount rate set with reference to government bonds, if plan assets underperformed this yield, this will create a deficit. Most of the assets of the plan are equities, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.
- b Changes in bond yield – A decrease in government bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' bond holdings.

17. CAPITAL STOCK

Preferred Stock

Shown below are the details on preferred stock:

	2021		2020	
	Shares	Amount	Shares	Amount
Authorized capital at ₱100 par value	25,000	₱2,500,000	25,000	₱2,500,000

The preference share capital of the Bank gives priority in the distribution of the assets of the Bank in case of liquidation. As to dividends, preferred shares are entitled to receive dividends on the said shares to the extent agreed upon before any dividends at all are paid to ordinary shareholders. Preferred shares are non-cumulative and non-participating. As to voting rights, preference shareholders are not entitled to vote in the normal course of business and decision making of the Bank except as those provided in Section X of the Corporation Code of the Philippines. No preference shares were issued as of December 31, 2021 and 2020. Preferred share shall be issued only against government investment in the capital stock of the Bank.

Common Stock

Shown below are the details on the movement of common stock:

	2021		2020	
	Shares	Amount	Shares	Amount
Authorized capital at ₱100 par value	475,000	₱47,500,000	475,000	₱47,500,000
Issued and fully paid at ₱100 par value	475,000	₱47,500,000	475,000	₱47,500,000

Ordinary shares carry one (1) vote per share and a right to dividends.

Capital Management

The primary objectives of the Bank's capital management are to ensure the ability of the Bank to have sufficient capital to underpin the Bank's risk-taking activities, to continue as a going concern, to maintain a strong credit rating and quality capital adequacy ratios, to ensure compliance with BSP regulations and to provide reasonable returns and benefits to shareholders.

The Bank manages its capital structure, which composed of paid-up capital and surplus reserve, and makes adjustments to these ratios in light of changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Bank may adjust the amount of dividend payment to shareholders, return capital structure or issue capital securities.

Under the current banking regulations, the qualifying capital accounts of the Bank should not be less than an amount equal to ten percent (10%) of its risk-weighted assets. The qualifying capital of the Bank for purposes of determining the capital-to-risk assets is total capital funds excluding:

- (a) unbooked valuation reserves and other capital adjustments as may be required by the BSP;
- (b) total outstanding unsecured credit accommodations to DOSRI;
- (c) deferred tax asset;
- (d) goodwill, if any;
- (e) sinking fund for redemption of redeemable preferred stock; and
- (f) other regulatory deductions.

Risk assets consists of total assets after exclusion of cash on hand, due from BSP, loans covered by hold-out on or assignment of deposits, loans or acceptances under letters of credit to the extent covered by margin deposits, and other non-risk items as determined by the Monetary Board of the BSP.

As of December 31, 2021 and 2020, the Bank is in compliance with the current banking regulation.

The regulatory capital is analyzed into two tiers which are Tier 1 Capital plus Tier 2 Capital less allowable deductions from the total of Tier 1 and Tier 2 capital.

Tier 1 Capital and Tier 2 are defined as follows:

- a. Tier 1 Capital includes the following:
 - i. paid up common stock
 - ii. surplus,
 - iii. surplus reserves, and
 - iv. undivided profits

Subject to deductions for:

- i. deferred income tax
- b. Tier 2 Capital includes:
 - i. general loan loss provision

Under the existing BSP regulations, the determination of the Bank's compliance with regulatory requirements and ratios is based on the amount of the Bank's unimpaired capital regulatory capital reported to the BSP, determined on the basis of regulatory accounting policies, which differ from PFRS in some respects.

Information regarding the Bank's "unimpaired capital" as of December 31, 2021 and 2020 is shown below.

	2021	2020
Core Tier 1 Capital – gross	₱147,591,179	₱137,966,222
Less: Regulatory adjustments to Core Tier 1	10,595,232	10,595,230
Core Tier 1 Capital – net	136,995,947	127,370,992
Add: Hybrid Tier 1	-	-
Tier 1 Capital	136,995,947	127,370,992
Tier 2 Capital	5,175,226	3,971,217
Total qualifying capital	₱142,171,173	₱131,342,209
Total risk-weighted assets	₱903,061,041	₱886,374,463
Tier 1 capital ratio	15.17%	14.37%
Total capital adequacy ratio	15.74%	14.82%

In addition, Section 127 and Appendix 62 of the MORB discusses the guidelines implementing the risk-based capital adequacy framework for stand-alone thrift banks, rural banks and cooperative banks. The said framework was amended by BSP Circular No. 1079 dated March 9, 2021 and BSP Circular No. 1084 dated April 28, 2020 to strengthen the quality of capital of the covered entities by the introduction of other capital requirements such as the Common Equity Tier (CET) 1 ratio in addition to the existing minimum CAR of 10%. The CET1 ratio is calculated by dividing CET1 capital by total risk-weighted assets.

The implementation of the enhanced capital standards, which include the CET1 ratio, to the aforementioned banks will take effect on January 1, 2023.

The Bank's leverage ratio, computed as total capital over total assets, is 13.84% and 13.58%, as of December 31, 2021 and 2020, respectively.

18. SURPLUS

Surplus – Free

The table below shows the retained earnings free for the year:

	2021	2020
Retained earnings – free, beginning, as previously reported	₱76,188,762	₱66,577,390
Prior period adjustment – note 27	(41,691)	(28,448)
Retained earnings – free, beginning, as restated	76,147,071	66,548,942
Profit	11,092,751	11,425,589
Reversal of appropriation	537,167	172,540
Cash dividends declared – note 19	-	(2,000,000)
Balance, December 31	₱87,776,989	₱76,147,071

The Bank's retained earnings is not subject and is exempt from the provision of improperly accumulated earnings tax as provided under Section 29 of National Internal Revenue Code of the Philippines and as implemented by Revenue Regulation No. 02-2001, and Section 34 Republic Act No. 8791 requiring banks to maintain a specific minimum Capital Adequacy Ratio (CAR).

Surplus – Reserves

The surplus reserves pertain to reserve set aside by Bank for contingencies and corporate responsibilities for the next five (5) years.

The movements in surplus reserves are as follows:

	2021	2020
Surplus reserves, beginning	₱14,277,460	₱14,450,000
Reversal of appropriation	(537,167)	(172,540)
	₱13,740,293	₱14,277,460

The reversal of appropriation in 2021 and 2020 pertained to donations to areas affected by typhoons and expenditures related to COVID-19 health measures.

19. DIVIDENDS DECLARED

Under Section 124 of the MORB, the liability for dividends declared shall be taken up in the bank's books upon its declaration. However, for dividend declarations that are subject to prior BSP verification, the liability for dividends declared shall be taken up in the bank's books upon receipt of BSP's advice thereof. A memorandum entry may be made to record the dividend declaration on the date of approval by the board of directors.

On August 25, 2020, the Bank, through Board Resolution No. SBM20210825-01, declared cash dividend amounting to ₱2,000,000 to its ordinary shareholders on record as of December 31, 2019. This was also paid on year 2020.

There was no declaration of cash dividend in 2021. The management plans to apply for increase in authorized capital stock in 2022 and declare stock dividends.

20. OTHER INCOME

This account consists of the following:

	2021	2020
Recovery on charged-off assets	₱9,562,335	₱768,940
Gain from disposal of investment properties – note 10	677,661	6,150,182
Service charge	519,093	236,627
Payment services	117,188	88,311
Intermediation services	84,895	30,065
Gain from sale of BPFPE – note 9	497	53,995
Miscellaneous income	8,235,847	1,721,853
	₱19,197,516	₱9,049,973

Recovery on charged off assets pertains to recoveries from previously written-off accounts and those accounts with allowance for losses.

Miscellaneous income pertains to filing fees and income from bills payments.

21. OPERATING EXPENSES

Details of operating expenses are shown below:

	2021	2020 (As restated – Note 28)
Compensation and fringe benefits	₱28,230,372	₱26,302,778
Taxes and licenses	7,482,528	6,741,459
Depreciation and amortization – note 23	3,224,804	4,160,628
Insurance	2,264,336	2,130,840
Security, messengerial and janitorial services	1,597,290	1,613,610
Information technology expense	1,336,901	1,287,297
Power, light and water	1,158,225	1,104,204
Fuel and lubricants	1,081,590	828,605
Representation and entertainment	904,612	831,157
Litigation expense	765,711	671,525
Fines and penalties	666,348	-
Management and other professional fees	598,613	794,117
Write-off – notes 10 and 22	568,650	-
Repairs and maintenance expense	565,996	498,238
Postage, telephone, cable and telegrams	512,537	496,399
Advertising and publicity	394,834	366,868
Stationery and supplies used	352,553	435,231
Travel expense	329,960	529,193
Supervision fees	161,372	160,555
Donation and charitable contributions	93,566	309,236
Interest on lease liability – note 27	44,538	62,034
Membership fees and dues	28,561	334,394
Miscellaneous expense	2,393,565	1,894,710
	₱54,757,462	₱51,553,078

Miscellaneous expense pertains to expenses incurred in staff trainings, meetings and conferences, auxiliary collection fees, team building and other expenses.

Compensation and fringe benefits consists of:

	2021	2020
Salaries and wages	₱18,791,994	₱17,692,059
Other fringe benefits	3,743,774	3,674,907
Retirement benefits – note 16	2,464,390	2,166,397
Government contributions	1,670,214	1,429,415
Directors' fee	1,560,000	1,340,000
	₱28,230,372	₱26,302,778

22. ALLOWANCE FOR CREDIT LOSSES

Allowance for credit losses is comprised of the following:

<u>2021</u>	Loans and receivables	Sales contract receivables	Accounts receivable	Total
Balance, January 1	₱27,549,693	₱3,717,977	₱1,715,756	₱32,983,426
Provision	17,752,036	-	-	17,752,036
Write-off – note 21	(111,140)	-	-	(111,140)
Reversal	(8,155,669)	-	-	(8,155,669)
Transfer	(3,200,000)	-	-	(3,200,000)
Balance, December 31	₱33,834,920	₱3,717,977	₱1,715,756	₱39,268,653

<u>2020</u>	Loans and receivables	Sales contract receivables	Accounts receivable	Total
Balance, January 1	₱28,498,015	₱760,645	₱1,733,130	₱30,991,790
Provision	1,261,549	2,957,332	-	4,218,881
Write-off	(1,210,064)	-	-	(1,210,064)
Reversal	(288,221)	-	(17,374)	(305,597)
Transfer	(711,586)	-	-	(711,586)
Balance, December 31	₱27,549,693	₱3,717,977	₱1,715,756	₱32,983,426

23. DEPRECIATION AND AMORTIZATION

Breakdown of depreciation and amortization is as follows:

	2021	2020 -As restated
Bank premises, furniture, fixtures and equipment - note 9	₱2,874,266	₱3,745,661
Right of use of assets - note 27	255,448	255,448
Investment properties - note 10	95,090	159,519
	₱3,224,804	₱4,160,628

24. INCOME TAX

Under Philippine tax laws, the bank is subject to percentage and other taxes (included in taxes and licenses in the comprehensive income) as well as income taxes. Percentage and other taxes paid consist principally of gross receipts tax (GRT) and documentary stamp tax. The Bank's liability will be based on regulations to be issued by tax authorities.

Income taxes include the corporate income tax and final tax paid which represents the final withholding tax on gross interest income from government securities and other deposit substitutes. These income taxes, as well as the deferred tax benefits and provisions, are presented as provision for income tax in the statements of income.

The major components of income tax expense for the years ended December 31 are as follows:

	2021	2020
Current income tax	₱4,658,958	₱4,997,750
Final tax	763,828	634,440
Deferred tax expense (benefit)	262,948	(878,441)
	₱5,685,734	₱4,753,749

The reconciliation of income tax expense computed at the statutory income tax rate to income tax expense as shown in the consolidated statements of comprehensive income is as follows:

	2021	2020
Income before income tax	₱16,778,485	₱16,179,338
Tax expense at 25% and 30% for the years 2021 and 2020	4,194,621	4,859,478
Tax effect of:		
Interest income subject to final tax	(954,785)	(1,102,193)
Effect of change in tax rate on temporary differences	1,768,850	-
Disallowed interest expense	190,957	363,724
Non-deductible expense	137,478	3,978
Others	-	(5,678)
	₱5,337,121	₱4,119,309
Final tax	763,828	634,440
	₱6,100,949	₱4,753,749

Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act was signed into law on March 26, 2021 and took effect on April 11, 2021 which reduced the RCIT rate from 30% to 25% or 20% depending on the amount of total assets or total amount of taxable income. In addition, the minimum corporate income tax rate (MCIT) was changed from 2% to 1% of gross income for a period of three years starting July 1, 2020.

As clarified by Philippine Interpretations Committee Q&A No. 2020-07, the approval of CREATE is considered a non-adjusting event for financial reporting purposes as at and for the year ended December 31, 2020. The income tax rates used in preparing the financial statements as at and for the year ended December 31, 2020 are 30% and 2% for RCIT and MCIT, respectively.

The effect of the reduction of income tax rates was recognized in 2021 financial statements such as follows:

	Amount
Current income tax expense	₱5,074,173
Effect of change in tax rate	(415,215)
Current income tax expense as presented in the statements of comprehensive income	₱4,658,958

The Bank's deferred tax assets, net of deferred tax liability as of December 31, 2021 and 2020 are as follows:

	2021	2020
<i>Deferred tax assets</i>		
Allowance for credit losses	₱7,770,116	₱6,693,997
Retirement benefit obligation	2,058,973	3,901,233
Lease liability	121,623	225,259
	9,950,712	10,820,489
<i>Deferred tax liability</i>		
Right of use asset	(108,962)	(207,389)
Net	₱9,841,750	₱10,613,100

Management believes that the Bank will generate income in the future to which they can fully utilize the deferred tax assets. Total unrecognized deferred tax asset on allowance for credit losses related to year 2018 and below amounted to ₱3,826,015.

25. RELATED PARTY TRANSACTIONS

In the ordinary course of business, the Bank has loans and other transactions with certain directors, officers, stakeholders and related interests (DOSRI). Under the Bank's policy, these loans and other transactions are made substantially on the terms as with other individuals and businesses of comparable risks.

a. DOSRI Loans

The General Banking Act and BSP regulations limit the amount of the loans to each DOSRI as follows:

- The individual ceiling for credit accommodations of a bank to each of its directors, officers and related interests shall be equivalent to his outstanding deposits and book value of his paid-in capital in the lending bank. The unsecured credit accommodations to each of the Bank's directors and officers shall not exceed 30% of his total credit accommodations.
- The aggregate ceiling for credit accommodations, whether direct or indirect, to directors and officers of a bank shall not exceed 15% of the total loan portfolio of the Bank or its combined capital accounts net of deferred income tax, unbooked valuation reserves and other capital adjustments required by the BSP, whichever is lower. The total unsecured direct and indirect borrowings of directors and officers shall not exceed 30% of the aggregate ceiling or the outstanding direct/indirect credit accommodations thereto, whichever is lower.

As of December 31, 2021 and 2020, the Bank has no DOSRI and other related party loans.

b. *Deposit liabilities*

Deposit liabilities from the Bank's related parties, which include stockholders, amounted to ₱16,313,509 and ₱16,477,156 as at December 31, 2021 and 2020, respectively. These are subject to normal banking terms and conditions and are insured by PDIC up to ₱500,000 per depositor. The Bank incurs interest expense ranging from 0.25 to 0.5% per annum in 2021 and 2020, respectively.

c. *Deposit for future stocks subscription*

The Bank has deposit for stocks subscription from its stockholders amounting to ₱9,481,700 and ₱5,500,875 as of December 31, 2021 and 2020, respectively (see Note 14).

d. *Lease of office space*

The Bank leases a lot from its president under a 20-year contract for a monthly rental of ₱5,000 beginning March 31, 2009, without escalation clause (see Note 27). The lease is generally payable in cash on a monthly basis.

e. *Remuneration of key management personnel*

The remuneration of key management consists of:

	2021	2020
Short-term employee benefits	₱16,639,513	₱14,998,965
Post-employment benefits	2,220,312	1,638,710
	₱18,859,825	₱16,637,675

26. NOTES TO STATEMENT OF CASH FLOWS – RECONCILIATION OF CHANGES IN LIABILITIES ARISING FROM FINANCING ACTIVITIES

The following table shows the reconciliation analysis of liabilities arising from financing activities for the years ended December 31, 2021 and 2020.

2021	January 1, 2021	Cash flows	Non-cash changes	December 31, 2021
Bills payable	₱2,000,000	(₱2,000,000)	₱-	₱-
Deposit for stock subscription	5,500,875	3,980,825	-	9,481,700
Lease liability	750,862	(308,908)	44,537	486,491
Total liabilities from financing activities	₱8,251,737	₱1,671,917	₱44,537	₱9,968,191

2020	January 1, 2020	Cash flows	Non-cash changes	December 31, 2020
Bills payable	₱15,000,000	(₱13,000,000)	₱-	₱2,000,000
Deposit for stock subscription	3,131,100	2,369,775	-	5,500,875
Dividends payable	-	(2,000,000)	2,000,000	-
Lease liability	987,387	(298,559)	62,034	750,862
Total liabilities from financing activities	₱19,118,487	(₱12,928,784)	₱2,062,034	₱8,251,737

In 2021, cash flows related to bills payable is net of cash inflow amounting to nil and cash outflow amounting to ₱2,000,000.

In 2020, cash flows related to bills payable is net of cash inflow amounting to ₱3,000,000 and cash outflow amounting to ₱16,000,000.

27. LEASES

On July 1, 2017, the Bank entered into a 5-year lease agreement with the owner of the building located at National Highway, Bugallon Proper, Ramon, Isabela. The monthly rent is ₱14,500 with 5% escalation clause annually.

On March 25, 2018, the Bank entered into a 5-year lease agreement with the owner of a building located in Alfonso Lista, Ifugao. The monthly rent is ₱2,500 without an escalation clause.

The lease agreement for the lot in San Mateo branch was entered into by the Bank for a 20-year contract with the President for a monthly rental of ₱5,000 beginning March 31, 2009, without escalation clause.

Prior period adjustment

In 2021, the Bank adopted PFRS 16, *Leases* which was effective beginning January 1, 2019. The effects of the adoption of the new standard in the Bank's statement of financial position and statement of comprehensive income are as follows:

January 1, 2020			
	As previously reported	Effects of prior period adjustment	As restated
<i>Statement of financial position</i>			
Right-of-use asset	P-	P946,746	P946,746
Deferred tax asset (net)	8,871,723	12,192	8,883,915
Lease liability	-	987,386	987,386
Retained earnings	66,577,390	(28,448)	66,548,942
December 31, 2020			
	As previously reported	Effects of prior period adjustment	As restated
<i>Statement of financial position</i>			
Right-of-use asset	P-	P691,298	P691,298
Deferred tax asset (net)	10,595,230	17,870	10,613,100
Lease liability	-	750,862	750,862
Retained earnings	76,188,762	(41,691)	76,147,071
<i>Statement of comprehensive income</i>			
Operating expenses	(51,534,155)	(18,923)	(51,553,078)
Net income	11,438,834	(13,245)	11,425,589

Right-of-Use-Asset

The reconciliation of right-of-use assets recognized from the aforementioned lease agreements as at December 31 is as follows:

	2021	2020 (As restated)
<i>Cost</i>		
Balance at beginning and end of year	P1,202,194	P1,202,194
<i>Accumulated depreciation</i>		
Balance at beginning of year	510,896	255,448
Depreciation – note 21	255,448	255,448
Balance at end of year	766,344	510,896
Carrying amount	P435,850	P691,298

Lease Liabilities

The movement in lease liabilities as at December 31 is as follows:

	2021	2020 (as restated)
Beginning balance- as restated	P750,862	P987,387
Interest expense – note 21	44,537	62,034
Payments	(308,908)	(298,559)
Ending balance	P486,491	P750,862

The Bank had outstanding commitments for future minimum lease payments under non-cancellable operating leases, which fall due as follows:

	2021	2020
Not later than one year	₱160,355	₱259,554
Later than one year but not later than five years	196,205	323,658
Later than five years	38,001	70,906
	₱394,561	₱654,118

28. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

In the normal course of the Bank's operations, there are various outstanding commitments to extend credit, which are not reflected in the Banking financial statements. Management does not anticipate material losses from these commitments.

The Bank filed several legal actions against loan borrowers who defaulted in payment on their outstanding loan balance. Management believes that those actions will yield positive result in favor of the Bank and does not anticipate material losses.

29. MATURITY ANALYSIS OF ASSETS AND LIABILITIES

30. SUPPLEMENTARY INFORMATION REQUIRED UNDER BSP CIRCULAR NO. 1074

On January 8, 2021, the Monetary Board (MB) amended BSP Circular No. 1074, requiring Banks to include the additional information on the following:

(a) Basic Quantitative Indicators of Financial Performance

The key financial performance indicators follow (in %):

	2021	2020
Return on average equity		
= <u>Net income after tax</u> Average total equity	7.92%	8.79%
Return on average assets		
= <u>Net income after tax</u> Average total assets	1.09%	1.23%
Net interest margin		
= <u>Net interest income</u> Average interest earning assets	7.53%	7.45%

(b) Capital Instruments Issued

Description of capital instrument issued by the Bank is disclosed in Note 17.

(c) Significant Credit Exposures

Disclosures as to industry/economic sector are as follows (net of unamortized discount):

	2021		2020	
	Peso Amount	%	Peso Amount	%
Agricultural, forestry and fishing	₱256,572,004	41.88%	₱234,033,354	41.73%
Wholesale and retail trade; repair of motor vehicles and motorcycles	167,387,664	27.32%	172,644,909	30.78%
Real estate activities	50,962,824	8.32%	22,682,945	4.04%
For household consumption	35,428,077	5.78%	13,035,945	2.32%
Construction	31,318,418	5.11%	32,857,476	5.86%
Transportation and storage	21,405,871	3.49%	15,785,264	2.82%
Accommodation and food service activities	15,927,537	2.60%	16,318,077	2.91%
Education	8,384,237	1.37%	13,294,383	2.37%
Information and communication	5,384,916	0.88%	13,211,529	2.36%
Mining and Quarrying	4,505,149	0.74%	-	0%
Manufacturing	4,379,871	0.71%	1,256,977	0.22%
Professional, scientific and technical activities	4,272,589	0.70%	6,631,465	1.18%
Electricity, gas, steam and air-conditioning supply	1,427,555	0.23%	2,180,981	0.39%
Financial and insurance activities	1,051,245	0.17%	1,373,528	0.24%
Administrative and support service activities	349,217	0.06%	129,293	0.02%
Human health and social work activities	291,136	0.05%	-	0%
Other service activities	3,609,168	0.59%	15,443,647	2.76%
Total	₱612,657,478	100%	₱560,879,773	100%

The BSP considers the concentration of credit exists when the total loan exposure to a particular industry or economic sector exceeds 30% of the total loan portfolio or 10% of Tier 1 Capital which is equivalent to ₱13,699,595 and ₱12,737,099, as of December 31, 2021 and 2020, respectively.

In 2021 and 2020, the Bank is exposed to credit risk concentration on agricultural, forestry and fishing and wholesale and retail trade; repair of motor vehicles and motorcycles amounting to more than 27.32% and 30% of the total loan portfolio, respectively. The Bank is also exposed to credit risk concentration on agricultural, forestry and fishing, wholesale and retail trade; repair of motor vehicles and motorcycles, construction, real estate activities, accommodation and food service activities, transportation and storage, education, information and communication, for household consumption and other service activities amounting to more than 10% of Tier 1 Capital.

(d) Information on Related Party Loans

As of December 31, 2021 and 2020, the Bank has no DOSRI and other related party loans, as disclosed in Note 25.

(e) Breakdown of Total Loans

As to Security

As to security, loans are classified into (net of unamortized discount):

	2021	2020
Items held for safekeeping	₱3,271	₱2,713
Items held as collateral	854	985
	₱4,125	₱3,698

31. SUPPLEMENTARY INFORMATION UNDER REVENUE REGULATIONS 15 – 2010

Revenue Regulations (RR) No. 21 – 2002 prescribing additional procedural and/or documentary requirements in connection with the preparation and submission of financial statements accompanying income tax returns was amended under RR 15 – 2010. The amendment that became effective on December 28, 2010 requires the inclusion in the notes to financial statements, information on taxes and license fees paid or accrued during the year in addition to what is required under the Philippine Financial Reporting Standards and such other standards and/or conventions.

Below are the additional information required by RR 15 – 2010. This information is presented for purposes of filing with the BIR and is not a required part of the basic financial statements.

(a) *Gross Receipts Tax*

In lieu of the Value-Added Tax (VAT), the Bank is subject to Gross Receipt Tax (GRT) imposed on all banks and non-bank financial intermediaries pursuant to Section 121 of the Tax Code, as amended.

In 2021, the Bank reported total GRT paid amounting to ₱4,699,796.

(b) *Withholding Taxes*

Withholding taxes paid or accrued for the years ended December 31, 2021 consists of:

Final withholding tax	₱1,391,125
Withholding tax on compensation	1,273,438
Expanded withholding tax	321,260
	<u>₱2,985,823</u>

(c) *Documentary Stamp Tax (DST)*

DST incurred by the Bank for the year ended December 31, 2021 amounted to ₱1,383,569.

(d) *All Other National and Local Taxes*

All other local and national taxes paid by the Bank and presented as part of operating expenses for the year ended December 31, 2021 consist of:

Capital gains tax	₱732,000
Business permit	526,526
Real property tax	90,599
Registration fees	24,845
Annual registration	2,500
Others	22,693
	<u>₱1,399,163</u>

(e) *Tax Assessments*

In 2021, the Bank settled its 2018 tax assessment amounting to ₱593,848, of which ₱116,440 pertains to interest. As of December 31, 2021, there are no ongoing tax assessments.

Revenue Regulations (RR) No. 34-2020

The Bank is not covered by the requirements and procedures for related party transactions provided under RR no. 34-2020, Prescribing the Guidelines and Procedures for the Submission of BIR Form No. 1709, Transfer Pricing Documentation (TPD) and other supporting documents.
